VOL. XLIV; NO. 18.

BENTON, KENTUCKY, FRIDAY, MAY 6, 1927.

\$1.00 A YEAR

LOUISIANA IS NOW  
SUFFERING HEAVILY  
FROM FLOOD WATERGreater Portion of Northern Part  
of State Inundated by  
Mississippi.MANY THOUSANDS STILL  
REMAIN BEHIND LEVEESNew Orleans, May 4. — The  
charging Mississippi river tonight  
rapidly was completing the de-  
vastation of northeastern Louis-  
iana started by its tributaries.Sweeping through its banks at  
another place today between  
Vicksburg and Natchez the river  
was sending roaring torrents in-  
to Tensas parish north of the  
town of St. Joseph. Work has been  
abandoned at Ville Clara, below  
St. Joseph, but reports tonight  
said the levee had not gone out.The Mississippi torrents were  
reaching out to inundate St.  
Joseph and other towns and to  
meet the floods racing through  
the four crevasses opened Sunday  
at Glasscock, immediately south  
of Natchez, and the one created  
yesterday at Cabine Teale planta-  
tion north of Vicksburg.While backwaters long since  
driven a large percentage of the  
population of the nine affected  
parishes to refuge, a concentration  
points many other thousands have  
timed their faith on the Missis-  
sippi levees and clung to their  
homes.LIGHTNING SLAYS  
OZELLA BRADLEY, 14Daughter of Louis Bradley Vic-  
tim of Bolt Friday After-  
noon About 2 O'clock.Miss Ozella Bradley, 14 years  
old, daughter of Mr. and Mrs.  
Louis Bradley, of Scale, was slain  
by a bolt of lightning Friday after-  
noon about 2:30 o'clock on the  
road near her home. Miss Brad-  
ley was taking a jug of water to  
her father in a field near the  
house when she was struck. The  
family was deeply shocked by her  
sudden death.She is survived by her parents,  
one sister, Estella, two brothers,  
Owen and Jim Ted and all four  
grandparents, Mr. and Mrs. J. M.  
Bradley, of Calvert City Route 2,  
and Mr. and Mrs. Louis Peck, of  
near Scale.Funeral services were conduct-  
ed from the cemetery Saturday  
afternoon by Elder W. E. Morgan,  
of Benton, and burial was in the  
Hartfield cemetery, arrange-  
ments by Filbeck & Stille.Large number attended the  
deep services and extended deep  
sympathy to the family in their  
bereavement.BENTON HIGH WINS  
OVER SHARPE HIGHThe Benton high school base-  
ball team won over Sharpe high  
school team Wednesday by the  
score of 18 to 2. Alexander twir-  
ed for Sharpe for the first three  
innings and was scored on for  
16 runs. Cornwell pitched the  
last four innings and was more  
effective. Benton only getting  
two scores during the last four  
innings. Sharpe scored the two  
runs made by the team in the 6th  
frame. W. Jones pitched the first  
6 innings for Benton and Farmer  
pitched the last inning. There  
were many errors on the part of  
Sharpe which accounted for the  
large score on the part of Ben-  
ton.GIANT MAGNET EASILY  
RAISES SEVENTY-FIVE TONSWork that would require many  
men is performed quickly and  
easily with a huge magnet in the  
Krupp works at Essen, says Pop-  
ular Mechanics Magazine. It is  
nearly five feet in diameter and  
is capable of lifting seventy-five  
tons.Church Grove Singing  
To Be Held May 15thThe annual singing at Church  
Grove the third Sunday in May,  
the prelude to the old Southern  
Harmony Singing at Benton, is  
announced for the 15th of May.Two books, the 1905 edition of  
Perfect Praise and the Heavenly  
Praise, will be used.The singers will gather in the  
morning for all day session and  
dinner will be served on the  
ground at noon.A large crowd usually attends  
the Church Grove singing, which  
is growing in popularity and  
large numbers of singers are ex-  
pected to gather there Sunday  
week.MRS. JOHN DIVINE,  
OF CALVERT, CALLEDLeaves Husband, Three Daugh-  
ters, Two Sons; Many Other  
Relatives.Mrs. Lou Fitzgerald Divine,  
aged 57, a well known matron of  
the north part of the county, suc-  
cumbed Tuesday at her home near  
Calvert City following a several  
month's illness of cancer. She is  
survived by her husband, John  
Divine, three daughters, Mrs.  
Willie Altick and Mrs. Bettie Alt-  
tick, both of Louisville and Mrs.  
Nettie Hall, of Calvert City, and  
two sons, Earl and Charlie Di-  
vine, both of Calvert City.Mrs. Divine also leaves her  
step-mother, Mrs. J. A. McDaniel  
of Benton, who had been at her  
bedside for several days; two  
sisters, Mrs. Rhoda Maddox and  
Mrs. Laura Dyeus, both of Akron,  
Ohio, and uncle Syd Fitzgerald,  
and a number of nieces and neph-  
ews. She was a member of the  
Calvert City Baptist church.Funeral services were conduct-  
ed from the church Wednesday  
morning at 10 o'clock by Elder  
N. S. Castlederry, of Benton, with  
a large number of relatives and  
friends attending. Burial was in  
the Calvert City cemetery, ar-  
rangements by Lewis Hall.Sunday Schools Have  
11 Over Sunday BeforeSunday school attendance here  
showed a slight increase Sunday  
over the previous Sunday, 519  
compared to 508. None of the  
schools lost, one remained in the  
same notch and the other three  
gained slightly.Figures for each church for  
last Sunday and the Sunday be-  
fore are as follows:

	May 1	Apr. 24
Baptist	179	173
Methodist	181	178
Church of Christ	100	98
Christian	59	59
Totals	519	508
Increase		11

## Growth!

From January 1st, 1927  
to April 25, 1927, The  
Tribune-Democrat carried  
16% more advertising in  
16 issues than 17 issues the  
corresponding period in  
1926.In 1926, The Tribu-  
ne-Democrat carried 23%  
more advertising than in  
1925.Advertising volume in  
The Tribune-Democrat  
has increased substantially  
every year during the five  
years of present ownership.Such Growing  
Popularity Must  
Be DeservedWILLIAMS NAMED  
SCHOOL PRINCIPAL  
BY BOARD FRIDAYMiss Attie Faughn To Be in  
Charge of High School Eng-  
lish Department.OTHER TEACHERS ARE  
REELECTED FOR SESSIONL. D. Williams, of Murray, was  
elected principal of Benton high  
school Friday afternoon by the  
board of trustees. Miss May Rogers  
and Miss Elizabeth Lovett, of the  
high school faculty, and all the  
grade teachers were re-elect-  
ed and given seven days to accept  
their reappointments.Miss Attie Faughn was named  
on the school faculty to succeed  
Miss Robbie Tinsley, who will  
attend school next year. Miss  
Faughn is a Marshall county girl  
and a graduate of Bowling Green.  
Tullus Chambers, of Murray, was  
previously elected superintendent  
of schools to succeed Prof. H. W.  
Whittenburg, who has accepted  
an appointment in southern Illinois  
with the Federal Land Bank,  
at St. Louis. Mr. Williams suc-  
ceeds Prof. W. E. Morgan, who  
goes to Puryear next year as head  
of the high school there.Mr. Williams is a graduate of  
the Freed-Hardeman College,  
Tennessee, and will receive his  
A. B. degree from the Murray  
Teachers College this year. He is  
an experienced teacher and is  
among the highest recommended  
teachers to come from the Mur-  
ray institution. He is married  
and has a family.BURNHAM'S LOSE PRETTY  
HOME BY FIRE FRIDAYThe handsome bungalow of Mr.  
and Mrs. A. Burnham in west  
Benton was completely destroyed  
by fire of unknown origin Friday  
morning about 10 o'clock. The  
fire was discovered breaking out  
in a closet by a neighbor's little  
girl and the flames had made too  
much headway to be stopped.  
None of the family were at home.  
Mrs. Burnham being uptown. Mr.  
Burnham in the country on busi-  
ness and their daughter, Miss  
Eva Burnham at school in Mur-  
ray.Strong efforts were required to  
prevent the homes of Clint R.  
Smith and Sam Ely on the oppo-  
site side of the street and Tullus  
Black, on the east side, from  
catching. Several scorches and  
burns were suffered by volunteer  
fighters on these houses.Only a small amount of kitchen  
furniture was saved from Mr.  
and Mrs. Burnham's home. Mr.  
Burnham carried about \$3,500  
insurance on the house and con-  
tents.The home was one of the new-  
est and prettiest in Benton and  
Mr. Burnham's loss will be be-  
tween \$1,500 and \$2,000.FOXHUNTERS WILL MEET  
AT BRIENSBURG SATURDAYAll fox hunters of Marshall  
county and those interested in  
the sport are requested to meet  
Saturday afternoon at two o'clock  
at Rip Fiser's store in Briensburg  
when an organization will be  
formed.The fox hunters are planning a  
great deal of their sport and all  
interested are urgently requested  
to be present at the meeting.The old woodshed, the scene  
where the old fashioned father  
use to correct his boy encouraged  
with a bit of peach tree tea, is  
now the place where the modern  
boy parks his new Ford coupe  
about 3 a. m.Thousands of baby chicks have  
been ordered by Morgan county  
farmers and the poultry industry  
is growing rapidly in that county.Ten carloads of hogs and three  
carloads of poultry were shipped  
out of Clay county in March.Joseph Smith founded the Mor-  
mon church in 1830.

## "Above Them All"

RED CROSS RELIEF  
NEEDS MORE MONEY\$10,000,000, Twice Amount First  
Asked, Is Needed in Miss-  
issippi Valley.Washington, May 2. — The pro-  
clamation issued today by  
President Coolidge appealing for  
contributions to bring the Red  
Cross Mississippi Valley flood re-  
lief fund up to a minimum of  
\$10,000,000 — twice the amount  
originally sought, follows:"The situation in the Missis-  
sippi valley has developed into a  
grave crisis affecting a wide area  
in several states. There are now  
more than 200,000 flood refugees  
who have been driven from their  
homes. This number is increasing  
daily as fresh breaks in the levee  
inundate the country on either  
side of the river, driving the in-  
habitants to points of safety."These refugees are being fed,  
sheltered and clothed by the Amer-  
ican Red Cross, acting as the  
agent for the American people.  
The burden of their care will con-  
tinue for many more weeks.  
"Because of the vast increase in  
the flooded area, the sum already  
called for will be insufficient.  
The numbers to be cared for have  
been doubled since that call and  
the crest of the flood has not  
reached all parts."In order that these thousands  
of your homeless fellow citizens  
may continue to receive necessary  
care a minimum of \$10,000,000  
will be needed, and it is there-  
fore desired that the quotas origi-  
nally assigned as a minimum to  
the various communities should  
be doubled."As president of the United  
States and as president of the  
American Red Cross, I am there-  
fore urging our people to give  
promptly and most generously so  
that sufficient funds may be re-  
ceived to alleviate the suffering  
among so many thousands."For the purpose of coordina-  
tion and effectiveness in the ad-  
ministration of the relief funds,  
I recommend that all contribu-  
tions be forwarded to the nearest  
local Red Cross chapter or to the  
American National Red Cross  
headquarters offices at Washing-  
ton, St. Louis, or San Francisco.

"CALVIN COOLIDGE"

Pad Walls With Paper Disks  
to Stop EchoesWire-covered paper "sound  
traps" have been devised by an  
eastern inventor as a means of  
ridding the building interiors of  
echoes that mar the acoustics,  
says the Popular Mechanics mag-  
azine. They can be applied to  
walls while the structure is being  
erected or to those already built.  
The disks are hollow and covered  
with wire so that they will not  
lose their shape.Through the assistance of the  
Louisiana Rotary Club, Lawrence  
county is planning to have the  
largest junior agricultural club  
camp in the state.TEACHERS NAMED  
BY BOARD MONDAYTritt Succeeds Hubbard at  
Brewers; Bondurant Re-  
elected at Sharpe high.The following teachers were  
elected at a meeting of the Coun-  
ty board of education Monday.  
Clie, Lorena Ryan; Ft. New-  
estty, Gladys Allen; Pinnacle,  
Archie Fieldson; Gilbertsville,  
grades, Omer Stagner; Brewers,  
Pain, Jack Tritt; Sharpe Prin-  
ciple, John Bondurant; Asst. Miranda  
Young.Only two vacancies are open in  
the county, home economic teach-  
ers at Brewers and Sharpe.The county board decided to  
put an attendance campaign in  
the county this year to try to in-  
crease the attendance.  
The board decided to let the  
trustees do the appointing and  
notifying of election officers to  
hold the trustees' election. The  
trustees' election will be held Sat-  
urday May 7th.The board did not accept the  
invitation to go to Calvert City  
for dinner because several mem-  
bers had to get back home to  
work.The meeting of the board was  
changed from first Monday to  
first Saturday in each month.G. W. IRVAN, 79,  
DIES AT AURORAAged Farmer Succumbs to Stroke  
of Paralysis Suffered Short  
Time Ago.G. W. Irvan, 79 years of age,  
a well known farmer of the Aur-  
ora community, succumbed Wed-  
nesday at his home following a  
stroke of paralysis. Mr. Irvan was  
struck just a few days ago.He is survived by two sisters,  
Mrs. Parthena Thorn, of Olive  
and Miss Martha Irvan, of Aur-  
ora and several nieces and neph-  
ews. Burial was in the Pale-  
stine cemetery Thursday afternoon  
at two o'clock, arrangements by  
Filbeck & Stille.Junior Ag Clubs To  
Meet This Week EndThe Church Grove junior agri-  
cultural club will meet Saturday  
morning at 10 o'clock, at which  
time the following program will  
be given:Caponizing demonstration by  
club team, Edwin and Paul  
Jones."How to Feed a Pig" — Pat  
Davis Bolton.Poultry Judging Demonstration  
— Edwin and Paul Jones and Ed-  
gar Sires."How to Raise Corn" — George  
Howard Jones.The Sharpe junior ag club will  
meet Friday afternoon at two  
o'clock and the Howard's Grove  
club Saturday afternoon at two  
o'clock.BIG CROWD DRAWS  
FOR 10 PUREBRED  
PIGS GIVEN BY CLUB1,500 Tickets Given Saturday to  
Visitors from County  
in Benton.ALL ANIMALS ENTITLED  
TO REGISTRATIONA splendid crowd attended the  
drawing here Saturday for 10  
purebred pigs, which were given  
away at the third "Get-Together  
Day" staged this spring under  
the auspices of the Young Men's  
Progress Club, of Benton.Almost 1,500 tickets were given  
away at the court house, one  
ticket to each resident of the  
county outside the town of Ben-  
ton.After a short address by W. P.  
Williams, explaining the purpose  
of the day, the winning tickets  
were drawn from the barrel at  
two o'clock. The numbers drawn  
and their holders were as follows:

1. 2129 — W. M. Riley, Benton
2. 2429 — Tom Bird, Route 3.
3. 2870 — Nathan Powell, Route 2.
4. 2149 — M. C. Ruggles, Gil-  
bertsville Route 1.
5. 2131 — John P. Bowlin,  
Route 1.
6. 2176 — Bertie Boulton, Route 2.
7. 2632 — M. L. Franklin, Route 9.
8. Clyde McCain, Route 1.
9. 2732 — Mrs. Dewey Riley,  
Route 3.
10. 2059 — Ruby Colston, Route 6.

The drawing was held at two  
o'clock and a greater part of the  
crowd remained throughout the  
afternoon in social and business  
affairs.The first pig, drawn by Mr.  
Riley, had registration papers al-  
ready filled out and the owners  
of the other nine may register  
them.PROGRESS CLUB TO  
BE HOSTS TO WIVESDr. Lewis To Be Chief Speaker  
at Dinner 6 O'clock Fri-  
day Evening.The Young Men's Progress  
Club will be hosts to their wives,  
mothers, sisters and sweethearts  
at the Whiteway Cafe Friday  
evening at six o'clock dinner. A  
chicken menu will be served and  
a program has been prepared  
with Dr. T. W. Lewis as the prin-  
cipal speaker.R. L. Wade will welcome the  
ladies and Mrs. Joe T. Lovett  
will respond. Dr. L. L. Washburn  
will speak on the Clean-up Cam-  
paign. E. L. Cooper will be toast-  
master.An additional assessment of 50  
cents on each member was pass-  
ed for the Red Cross Mississippi  
Valley relief fund.  
The club discussed plans for  
getting sufficient strawberry  
pickers for the Marshall county  
crop and the growing of cotton in  
the county this year on account  
of the large acreage of cotton  
land put out by the Mississippi  
river overflow.BIRTHDAY DINNER FOR  
MRS. NANCY BEAN SUNDAYMrs. Nancy Jane Bean, of  
Brewers, was honored with a din-  
ner at the home of her son, Dr.  
A. J. Bean, at Brewers Sunday  
April 24th in honor of her 87th  
birthday. Mrs. Bean's birthday  
falls on the 25th and following  
church Sunday morning about 40  
friends and relatives brought  
baskets of food to the home where  
a rich dinner was served at noon.Grayson county bankers have  
assisted in placing 70 head of  
purebred hogs on farms in that  
county. There were fewer than an  
average of half a sow per farm.

## CLASS ROLL OF BENTON GRADUATES

Miss Prudence Virginia Thompson, known as Prudy, a charming daughter of Mr. and Mrs. James Thompson, of Benton Route 2, is a prominent member of the senior class of the Benton high school. Miss Thompson entered school here in 1923 and has been one of the most popular members of our class during the four years of our class. She took part in all school activities, being a member of the Eureka society and one of the strongest members of the State contest debating team of 1926. She was also a member of the Girl's drill two years, and captain of the basketball team three of the four years that she was a member of the team.

Miss Thompson is now a student at the Murray State Normal school and we the Senior class wish her all the happiness that one can have.

Albert C. Swell, better known as "B", is only 16 years of age. He has been a leading character in all athletic activities in Benton high school, playing the part of guard on the basketball team for 3 years. He is also a member of the cast in the Senior play this year. He is now employed at The Tribune-Democrat and will continue working there when his high school work is completed.

Ernestine Stross, better known as Ernie, is 18 years of age and resides in Benton, Kentucky, between Nels and Ford Drug store & H. A. Riley's. She is the charming daughter of Mr. and Mrs. M. C. Stross of Benton Route 8. She is a very important character in the senior class play, "The Mystery of the Third Gable." She is a member of the Utopian Literary society. Next year she is planning to consolidate all the true stories in the U. S. and have Oscar Mathis for marriage.

Ernie will be you are successful as an "orange ade perker."

Mrs. Eva Gregory Eiser, daughter of Mr. and Mrs. Wallace Gregory and one of the famous "triplets." The class thought she was destined to be an old maid but we were all very glad to hear of her marriage to Mr. Rip Eiser. She has had an active part in the school work at this year and is capable of much success in life. Mrs. Eiser is 25 years old and now resides with her husband in Briansburg.

Albert Karnes, "Squirrelly", is 17, is the son of U. G. Karnes, of Briansburg, Ky. He is popular as a speaker, and always ready to take the opposite side of any subject. Squirrelly has a leading

part in the Senior play. He has been on the debating team two years and was declared the "star" by the other members of the team. Albert will probably enter the University of Kentucky in September, where he is wanted by several fraternities to win debates.

It seems as though Squirrelly is very popular with all the girls since he has won his championship debating medal.

Mayme Lenora Brown, 18, better known as "Mamie", is the daughter of Mr. and Mrs. N. B. Brown of Benton Route 2. The first year of her high school work in Symonia, Ky., and for the past three years she has been a faithful member of our class. She is a member of the Utopian society. She is an important character in the class play and we are sure her part will be acted correctly. It she'll only leave off singing, "I'm dwelling on Beulah's Lane" long enough to practice, as she should.

She is planning to make her life time job selling "Brown Sugar."

We're sure if she'll do the best she can, in a few more days she'll conquer Van.

Mary Minter, Miss Mint, 18 years of age, the daughter of Mr. and Mrs. Joe Minter, of Benton, Ky. She is a member of the Utopian society, the high school chorus, and was a member of the Girl's drill for four years also is one of the chief characters in the Senior play. Her one ambition in life is to become a "princess." Miss Mint leaves this summer for Washington, D. C. where she will enter school there. The senior class wishes her success and the best of luck in life.

Continued on page 3, Section 2

## CAPE OF THANKS

We wish to thank our many friends and neighbors for their many acts of kindness during the sudden death of our dear beloved daughter and sister, Ozella Bradley. We especially thank Mr. Lapschall and Mr. Marvin Courcy for their being the first to reach her. We also thank Dr. Washburn and we thank Filbeck & Stilley for their kind service, and Dr. Morgan for his consoling words and comfort. May God richest blessing rest upon you all is our prayer.

Mr. and Mrs. Louie Bradley and family, J. M. Bradley and family, L. W. Peck and family.

Tribune Ads brings results.

## M'GREGOR SPEAKER FOR BENTON CLASS

Native Son To Be Heard in Commencement Address Here May 20th.

The Hon. Thomas B. McGreggor, of Frankfort, a native of Benton and former Attorney-General of Kentucky, will deliver the commencement address to the class of 1927 of Benton high school.

The exercises will be held Friday evening, May 20th, in the auditorium of the Benton Methodist church and the following program has been arranged:

Invocation — Elder W. E. Morgan.

"Sweet Kentucky Babe" — High school chorus.

Address — The Hon. Thomas B. McGreggor, Frankfort.

Song — Mrs. R. E. Foust, Mrs. Joe Ely, Mrs. R. L. Wade.

Presentation of Diplomas — Prof. H. W. Whittenburg.

Benediction — Elder J. P. Riley.

## Calvert Plays Wed., 11th

The senior play, "Am I Intruding?" will be given at the Calvert City school auditorium Wednesday evening, May 11th. The drama is a mystery comedy and is said to be highly entertaining.

Following is the cast of characters:

Mrs. Hastings, the housekeeper — Fanny Smith.

Blair Hoover the adventurer — Wilsen Hoover.

Ernest Rathburn, Jane's secretary — Raymond Darnall.

Marjorie Vane, the elder daughter — Gladys Dees.

Dickie Waldron, a romanticist — Napoleon Hill.

Mona, the maid — Helen Marshall.

Horace Vane, the father — Met Tarry.

Peter, devoted to Vi — Rube Thurston.

Violet Vane, the younger daughter — Mary Jo Holland.

Dora, a friend of Vi's — Mildred Little.

Gerald Mays, known as Jerry from Sage Creek — R. C. Lowtice.

Jane, Vane's niece — Ruth Owens.

The Illinois Central System is strategically located with relation to the development of the country. The centers of total population, on farm population and of corn, wheat, oats and cotton production are all on or near Illinois Central lines.

The Oakland Cumberland Presbyterian Sunday School

Sunday school every Sunday at 9:45 a. m. Preaching every first Sunday at 11 a. m. and Saturday before at 3 p. m. Rev. S. P. Tucker, pastor. Attendance for last Sunday 75, collection \$3.47. On account of the Singing Convention at Sharpe church, Sunday school met 15 minutes earlier. The church gives a most cordial welcome to all to come and worship with us at all services.

Mrs. Elmer Dawes.

Little Cypress, Ky., R. 1.

*An Ideal*

**T**O LIGHTEN the burden of them that have bidden their dear one farewell for the last time with a service of dignity and beautiful simplicity.

To carry out in flawless detail the many items which make for a perfect service by virtue of sympathetic supervision.

To do this at moderate cost, a factor which aids considerably to lighten cares in the hours of sorrow. Such is the ideal behind Filbeck & Stilley.

**FILBECK & STILLEY**  
Funeral Directors & Embalmers  
BENTON, KENTUCKY

## Gifts for Graduates

Mr. and Mrs. J. B. of Paducah were in Calvert Monday.

Mr. Frank B. of Paducah was in Calvert Monday.

## Announcement

We have secured a franchise to operate an Arro-Lock Roofing Co., which means that the manufacturers have authorized us to sell and service Arro-Lock and Supertite shingles. The manufacturers are very careful in placing these franchises, allotting them only to concerns that are thoroughly competent to sell and apply the shingles as they should be applied.

We have sold more than 4,000 square of these shingles and they are rendering service that no other shingle can ever render. By means of their locked down but they can neither curl nor blow up. We have trained labor for the application of these shingles and can give you strict first class job. The labor is as important as the material in the building of a good roof; it requires first class material and first class trained "over the old shingle labor" to make a first class roof. Call us by telephone or come in and let make you an estimate on a new roof solid sheeting over your old shingles.

**Arro-Lock Roofing Co.**  
Treas Lumber Co., Owners.

## Fire Protection and Fire Prevention---

If your home burns tonight and you have an insurance policy upon it, you may start re-building tomorrow if you wish.

But while insurance will pay the far greater cost of re-building it cannot place back the identical things that have burned; the pictures, papers and other personal possessions that are beyond the value of money, however, cannot be replaced.

Insurance can greatly lighten the loss but it cannot replace it all. So it behooves each policy holder as well as uninsured property owners to practice prevention.

PROPER PRECAUTIONS LOWER RATES!

#### Congratulations to the Graduates

We are glad to join in the chorus of congratulations to the young graduates of the county's high schools. They have done their work well and we wish them the highest measure of success and happiness as they go to new fields of endeavor.

Mr. J. M. Green left Tuesday morning for Louisville to attend the Southern Baptist Convention which convenes there this week.

## THE GARDEN Frame Management

By John S. Gardner, Kentucky College of Agriculture.

The investment even in a cloth covered coldframe is large enough to call for using it beyond simply the growing of plants for early vegetables, valuable as that is. Since a hotbed calls for even greater investment, in both material and labor its proper utilization is just that much more important. The all-year programs that follow will make permanent frames, pay for themselves.

February 1-15 — Used as a hotbed, start cabbage, cauliflower and lettuce seed.

March 8 — Transplant into a coldframe, and into the garden three weeks later.

March 15 — Remake the hotbed and start tomatoes, peppers and eggplant.

April 15 — Transplant back into the hotbed now used as a coldframe. These plants go into the garden about May 15.

June 1 — Set all frames with seed sown about April 15. No celery plants raised outside from covers are needed. The celery will remain in the frames up to October 1.

October 1 — Set lettuce plants of the Wonderful variety raised from seed sown about August 15. The covers will be needed during cold periods. The lettuce would grow, perhaps somewhat slowly, but it should survive to Christmas, and even beyond.

Another program might be:

February 15 — Cabbage and lettuce as before, thinning or transplanting back into the spent hotbed, really now a coldframe, these plants set in the garden from March 15 on.

April 1 — Remake the hotbed. Sow cucumber, melon or squash seed in individual pots, moving them into the garden about May 15, setting some of them back into the bed, using the covers judiciously to force them to make them extra-early. Used in this way, the frames help materially in fighting the beetles.

With these hints, gardeners may work out programs to suit their individual case.

## OLE KAIN'TUCK

By F. O. Lee

Yes, I am from old Kain'tuck,  
I am glad to relate  
And proud of being born and raised.

In such a grand and glorious State.

They have these fast horses  
And pretty women too.

And sometimes they treat you  
To a drink of good old mountain dew.

I'd like to be back there a few days,  
Just for luck.

To get a drink of mountain dew,  
Down in Old Kain'tuck.

I dearly love Old Kain'tuck  
But I am bound to say,

I couldn't make a living there,  
So I moved away.

And came to Akron  
Where the weathers' awful cold.

But where I handle the long green,  
And sometimes a little gold.

Sometime I am going back to old Kain'tuck.

To visit around a few,  
And get a drink or two

Of good old mountain dew.  
It kind of touches a fellow up

And makes him feel so rich.  
If he keeps himself together,

And from falling in the ditch.  
It makes you sing the songs of

Moses  
And the sweet by and by.

I believe you'd go to heaven  
If you'd only die.

I don't care where I am planted  
When I bid this world adieu.

If my last drink on earth,  
Is good old mountain dew.

And if I get up yonder  
There no doubt in my mind

But what St. Peter serves mountain dew  
Along with his wine.

If you have a headache  
And feel sorta blue,

Just knock it out  
With a drink of good old mountain dew.

North Carolina was the first state to send any gold to the U.S. mints to be made into money.

## ACOSTA AND CHAMBERLIN SET NEW WORLD'S NON-STOP ENDURANCE FLIGHT RECORD

Roosevelt Field, N. Y.—Bert Acosta and Clarence Chamberlin, civilian pilots, flying a Wright-engined Bellanca monoplane, set a new world's non-stop endurance flight record when they landed at Roosevelt Field, L. I., after 51 hours, 11 minutes and 25 seconds of consecutive flying. During test flight, the aviators flew more than 4,000 miles in the plane which they hope to fly from New York to Paris within three weeks to win the Orteig prize of \$25,000.

Photo shows, left to right, Mrs. Acosta, Bert Acosta, Clarence Chamberlin and Mrs. Chamberlin.

## FACTS—THIS AND THAT

By J. L. Wyatt

The first common school like we now have was founded at Middletown, Conn., August 1799.

The use of eggs at Easter is of Persian origin, meaning the decreation of spring, the use of the rabbit denote fertility and reproduction.

Cigar ashes are worth \$25 per ton, for the Potash they contain. It takes from 3 to 5 hours for a cable message to cross the ocean, most of the time is spent in translating.

The average man has about 1-10 the power of a horse. Before the World's War there were only 7,000 millionaires, today there are more than 31,000 persons classed as millionaires.

Pistols got their name from Pistola, Italy, at which place they were invented and first used.

The J. I. Case plow works were founded by Jerome I. Case in 1842.

The three greatest murder cases to date are the murder of Stanford White by Harry K. Thaw; murder of Mary Phayon, at Atlanta, Ga., April 25, 1913, by Leo M. Frank and last the murder of Bobby Franks at Chicago by Leeb and Leopold wealthy youths who wanted some excitement.

Mound Bayon, Miss., is a town with a population of 1200, all negroes and negro governed.

Clouds are never over 6 1/2 miles high from the earth.

The sun does not draw water, the streaks seen are caused by the sunshine passing through rifts of the clouds.

Sound travels through the air at the rate of 1,100 feet per second.

A28

ond, the speed is increased by heat, yet a freezing point it travels at only 1091 feet per second.

Deers shed their horns each year.

Watermelons and Potatoes do best when the sun shines but wild oats thrive in moonshine.

## BIRTHDAY DINNER

On Tuesday, May 3rd, friends and relatives surprised Mrs. S. L. Morgan of Benton with a birthday dinner. She having reached her 80 mile post in life. Those present were, Mr. and Mrs. S. L. Morgan, Mr. and Mrs. B. D. Hiett, Mr. and Mrs. B. G. Pace, Mr. and Mrs. Rollie Pace, Mr. and Mrs. Elbert Hiett, Mr. and Mrs. Aaron Leek, Mrs. Katie Edwards, Miss Ella Mae Hamlet, Miss Martha Pace.

## Stomach Gas Drives Man From Bed

"I had gas so bad I had to get up nights on account of the pressure on my heart, I used Adlerika and have been entirely relieved."

—R. F. Krueger.

Even the FIRST spoonful of Adlerika relieves gas and often removes astonishing amount of old waste matter from the system. Makes you enjoy your meals and sleep better. No matter what you have tried for your stomach and bowels, Adlerika will surely

## We Honor The Graduates

Graduates make citizens who make a better community. Their training in school, the requirements they have had to meet gives them something that is not measured entirely by money-making capacity. We are proud of you graduates and we are glad to extend a hand of congratulations and best wishes.

### Appropriate Clothing for Commencement Events

For both the young ladies and the young gentlemen, who receive their diplomas and juniors, sophomores and freshmen who want to appear their best at the various programs, we have large selections in suits and furnishings for the boys and frocks and accessories for the girls.

### Gifts for the Graduates

Peward them with gifts at commencement time. And it is fitting that these gifts be of high order although not necessarily of great expense. Such are the gifts to be found here.

### We Suggest:-

FOR GIRLS:- Hose, in all the new colors to match every costume; Powder Boxes, Handkerchiefs, Compacts, Pearls, Ivory, Wrist Watches, Rings, Silk Bloomers, Step ins, Teddies, Princess Slips, Brassiers, Gloves, Pocketbooks, Umbrellas, Traveling Bags and Hat Boxes.

FOR BOYS:- Watches, Fountain Pens, Belts, Belt Buckles, Shirts, Ties, Sox, Watch Chains, Knives, Ties and Handkerchiefs.

## Gatlin-Ferguson Co.

BENTON, KENTUCKY.

Trunks, suit cases and traveling bags at Morgan & Heath.

Will Sassee returned home Wednesday from Paducah where he underwent last week an operation at the Illinois Central Hospital. He was accompanied home by Cliff Treas.

We carry in stock a complete line of ladies and gents burial garments, Morgan & Heath.

### A Priceless Treasure

We treasure our reputation more highly than anything we possess.

Today we are better able to serve than ever before, for the profession has progressed greatly since the days of our forefathers. Modern methods and equipment have supplanted those which were less efficient and we have constantly kept abreast of the times.

But our service is more personal—more human than ever. The friendly touch of brotherly love is always present in our work.

### 15 WILL RECEIVE HARDIN DIPLOMAS

Jetton to Deliver Address Friday Evening, May 6th; Miss Jones Valedictorian.

Commencement exercises for the 1927 class of Hardin high school, at which 15 young men and young women will receive their diplomas, will be held Friday evening, May 6th. The program will begin at 7:45 o'clock.

The address of the evening will be delivered by Prof. Walter C. Jetton, principal of Tilghman high school, Paducah, and the complete program is as follows:

Invocation—W. S. Lockman.

Violin solo—Zupatendo, by Sarasalt—Mary Lee.

Salutatory—Agnus Johnston.

Vocal solo—Dorothy Lockman.

Life and Accomplishments of Jefferson Davis—Pauline Brown.

Piano solo—Ruby Lee.

Valedictory—Beatrice Jones.

Address—W. C. Jetton.

Piano duet—Misses Ruby and Mary Lee.

Presentation of Diplomas—Junius Lewis.

Gooding, the County Agricultural Agent, is inspiring. Calf clubs, those organizations of juvenile livestock owners and breeders, have stimulated the progress of Todd's industry and have been responsible, more so than any other single factor, for Todd's supremacy in Jerseys, which has its accompanying achievements in increased prosperity for the farmers.

Todd has more than 200 Jersey breeders, owning from five to fifty cows. Registered Jerseys, one learns from the Todd County Jersey Cattle Club, have been bred in that county for more than fifty years. But the forward movement did not really begin until 1920, when the then County Agent, Ivan C. Graddy, took the Jersey cow to all parts of the county through the agency of a Junior Jersey Calf Club. Interest and enrollment grew year by year. In 1925 it boasted 116 members, the largest of its kind in the world. The youngsters won prizes with their registered steers and heifers at the Pennroyal Fair at Hopkinsville and at the Kentucky State Fair. Sixty-five boys and girls, whose fathers never owned a registered Jersey now own at least one registered calf. This is the mark of progress.

What has been accomplished by the breeders in Todd County is summarized as follows by County Agent Gooding in an article in the Southern Agriculturist:

Cream stations are being established in new sections of the county every year. One station that was opened one year ago and only shipped a few gallons of cream each week is now shipping over 1,000 gallons weekly. At one of the main shipping points in the county the records show that the amount of cream shipped out each month this year almost doubles the amount shipped out the same month a year ago. It is the opinion that junior calf club work is responsible for 90 per cent of this increase. Besides the increase in shipments of cream, grade cows are being sold and purebreds put in their place.

More than thirty carloads of grade Jerseys have been shipped out of the county this year. Most of these have been replaced with pure-breds.

Regular cream checks each month offer a great advantage over tobacco money "all in a lump"—tobacco money, which

sometimes isn't enough to pay for the trouble of hauling the tobacco to market—Louisville Courier Journal.

Primitive Baptists Mt. Moriah

Meeting days second Saturday of each month

Let max pastors. If you want to know what the primitive baptists believe, come and listen you are welcome.

Geo. W. Dalton, Church Clerk

Mrs. Govie Smith and children metored to Calvert Thursday.

Remarks—Supt. Roy O. Chamber.

Benediction—Rev. E. C. Wilcox.

HOW DAIRY CAFE CLUB WORK WILL HELP

By Ed Prewitt, Dairy Specialist.

There is a decided need for agricultural work among the farm boys and girls of Kentucky. During the late Theodore Roosevelt era, "If you are going to do anything permanent for the average man, you must begin before he is a man." To effectively meet this call for instruction to the future farmers and their home builders, the U. S. Department of Agriculture, cooperating with the State Experiment Stations, has adopted the Dairy Calf Club program.

The purpose of the program is to give the young boy or girl a practical knowledge of the dairy business, and to develop in them a sense of responsibility and a love of the land.

The club member, by keeping a diary, learns the value of the dairy business, and by keeping a record of the club's work, learns the value of the dairy business.

The club member, by keeping a diary, learns the value of the dairy business, and by keeping a record of the club's work, learns the value of the dairy business.

The club member, by keeping a diary, learns the value of the dairy business, and by keeping a record of the club's work, learns the value of the dairy business.

## JETTON TO DELIVER ADDRESS AT SHARPE

Exercises Friday, May 13th, To Be 6th Annual Graduation at Institution.

Commencement exercises for Sharpe high school, which will be held in the school auditorium Friday evening, May 13th, will be the 6th annual graduation event for that school.

Prof. Walter C. Jetton, principal of the Tilghman high school, Paducah, will deliver the commencement address.

The program as is follows:

Processional - March - Ruby Lee.

Invocation - Rev. E. M. Buck.

Violin Solo - "Souvenir" - Dridle - Mary Lee.

Address - Walter C. Jetton, principal of Augusta Tilghman High school.

Piano duet - Valse Caprice - Ruby and Mary Lee.

Presentation of Diplomas - John H. Bendurant.

Remarks - Supt. Roy O. Chumler.

Benediction - Rev. F. C. Wilcox.

## HOW DAIRY CALF CLUB WORK WILL HELP

By Ed Prewitt, Dairy Specialist.

There is a decided need for agricultural work among the farm boys and girls of Kentucky. Quoting the late Theodore Roosevelt - "If you are going to do anything permanent for the average man, you must begin before he is a man." To effectively meet this call for instruction to the future farmer and their home builders, the U. S. Department of Agriculture, cooperating with the State Experiment Stations, has added Boys' and Girls' Junior Club work to its program. The importance of the work can be realized when we consider how necessary it is to direct this potential boy and girl energy into useful channels of activity.

The purebred Dairy Heifer Club will prove a help and will benefit the intelligent boy or girl who becomes a member. The pleasure and profit to be derived from the actual possession of a well bred dairy heifer means a greater interest in farm life. The boy who is looking ahead and wishing for that day when he can go to the city to work in many cases receiving new enthusiasm when made to feel the manly responsibility of a working partnership with dad.

When the banker loans the club member the necessary money with which to purchase the heifer and accepts his promissory note to repay it in return he unconsciously teaches the young man or woman a valuable lesson. This relates to the proper handling of money in financing work and operations upon a farm. The spirit of thrift is instilled by encouraging the member to save out a part of his profits from the sale of milk or cream and deposit these into a savings account or other safe form of investment. This letter item has gone far because with Kentucky junior club members.

The County Agricultural Agent gives valuable service by his instruction of those fundamental principles relating to the successful management of the dairy cow. The purebred Dairy Heifer Club inspires self confidence, shapes character and adds much to the child's interest and pleasures in a wholesome way.

The welfare of the member is of primary importance. In addition it provides the means of bringing to a county better dairy stock. The heifers are always selected from herds where the dams, grands dams and other ancestors have proven upon official test their exceptional ability as producers of milk and cream at a cheap cost. "Blood will tell" and "Like Begets Like" are the two great natural laws governing the breeding of all farm stock. If one will recognize these laws and start with one good dairy female mating her and all her female progeny to a purebred bull he can build up a herd of high producing milk cows within a few years. The heifers selected for the boys and girls clubs in Kentucky have been placed with the idea that many are to become the foundation cows of future herds. Therefore quality is placed foremost when they are selected.

It is necessary that we breed better stock if we are to successfully meet the agricultural competition of other states who have

## CHARMING IN DESIGN - CONVENIENT IN PLAN

B. R. C. Hunter & Bro. Archts., New York City.

There is something notably good about this house, a certain grace of line - good character.

Weathered brown shingles compose the sloping roof and the wide siding is painted white - cream colored siding would also be effective. The shutters are a warm shade of green and the round headed front door and quaint little entrance gates are made more unique by painting them green, also.

Lovely old Colonial "Clinker" brick make the chimney and vestibule attractive and different.

There is a small vestibule with two coat closets just inside the entrance door. From there on enters the living room, which has a large fireplace. There is a sun porch connecting with the living room and the well arranged and very compact stairs lead up from the living room.

The second floor rooms are grouped about a small hall. The three bedrooms and the tiled bath all connecting with it. There are numerous closets on this floor, those necessary adjuncts that help so much to keep one's house in order.

This house is truly attractive and practical combining many good features and preserving an artistic exterior at the same time. The laundry, heating plant, etc.

may be found in the cellar. The obtained for a nominal sum. Complete working plans and from the Building Editor. Refer specifications for this house may to House A-128.

realizer that some cows can produce milk and cream at a cheaper cost than others.

Parents, don't you want to give your child something of which he will be proud and which will prove useful at the same time? What better gift could you make than a purebred dairy heifer of whose pedigree he could boast - an animal whose progress under his own management, he could mark from day to day. An individual that would produce offspring as good as herself or better and best of all, one that would represent a gradually increasing source of income to your boy or girl. What gift could rival the one that insures keeping your child's interest on the farm - at home with father and mother - that gives him a vital, living bond with you and your work?

Picking gold out of the air suggests a fairy tale, but that is exactly what is done at the New York assay office in Wall street, says Popular Mechanics Magazine. Tests have shown that the method is saving the government thousands of dollars that otherwise would be wasted. The minute particles of the metal are taken from the fumes in the smelting furnaces. High-pressure forced draft drives the gases up the stack to "settling chambers," where the gold is taken out by a special electrical process before the residue fumes are released. Since the mechanism was installed, it is estimated that gold to the amount not less than \$12,000 has been recovered.

## No Surplus Problem in Growing Lumber

Farmers who have wooded areas could with reasonable forest management soon be obtaining \$10 to \$15 an acre annually from lumber production, and have no surplus problem to deal with, according to T. R. Bryant, assistant director of the extension division of the Kentucky College of Agriculture.

He says that it is easily possible to produce 300 board feet per acre per year, and that \$4 per hundred feet at the mill would be a conservative estimate of the value of such production.

"It would seem that Kentucky should give more serious attention to reforestation," said Mr. Bryant. "This is true whether we are talking about unimproved land which has reached that classification of being worn out, or about farm woodlots of other wooded areas.

While the average rate of timber growth in Kentucky is only 35 board feet per acre per year, care would easily increase this to 300 feet, which would return \$4 or more per hundred, with no surplus problem. As the years pass and the trees grow, prices would be higher and returns greater.

"If there is a surplus of farm products now, it is certain that much of this production has come from acres where through impoverished soil the yield has been so low as to render cultivation unprofitable at any price likely to be received for the products.

"It would seem that from any standpoint, that of reducing a surplus, or considered from the standpoint of profit to be had from timber, we should give the most serious consideration to reforestation of worn land and to better management of wooded areas."

## FLOODED AREA EXTENDING COTTON CONTINUES TO RISE

No Cotton Crop For The Mississippi Valley This Year.

KING GEORGE CABLES PRES. COOLIDGE REGRET MESSAGE

Washington, D. C., May 4th - The farmers of the Mississippi Valley have been hit a knockout blow by the flood, and there is little hope for a crop this year, especially for cotton; only truck patches and corn can be raised now as it will be weeks before the water goes down - and the time will be too short then.

Secretary Hoover reported the flood situation to President Coolidge at White House in person today and will return to Memphis immediately to superintend the relief work.

President Coolidge received a cablegram from King George of England today expressing profound sympathy for the flood sufferers in the Mississippi Valley.

A Canadian news magazine recently suggested a "attend to your own business club". If that was true here a lot of people would be out of work.

A fly according to its size can walk 13 times faster than a man can run.

A certain U. S. Senator who was defeated for reelection in November surprised the public last week in saying that the woman's vote was what defeated him; well, it's that true "God bless the women."

## "Bud" Cornwell Describes Scenes In Flooded Mississippi Valley

The following letter, written by R. C. Cornwell, who is ship carpenter on a Mississippi river steamer, to his wife here, will be of deep interest since Mr. Cornwell has been constantly in the center of the flood disaster.

The letter follows:  
Natchez, Miss., April 29th.  
Dear wife and babies: We are tied up for the night next to a big hill and believe me it is good to look at after seeing nothing but water for several days. We tied up at Vicksburg last night about eleven o'clock and left there this morning. The negroes loaded coal all night. I went up town to send a telegram but did not even have time to enquire for any Kentuckians. Vicksburg has more than ten thousand refugees and more to come.

Don't know where we will go as Hoover will send us where highest water is yet to come. I will be needed more and the would have been glad if you could have seen the levee at Greenville as we passed there yesterday. I went up in the pilot house so I could see. The town is about the size of Mayfield and as level as a floor, so we could see down the streets from the river out and see water up in the floor of most every house and to the eaves of some, but on the levee was one long row of tents and places to feed the folks. We passed at noon and there were hundreds in line waiting for their portions, big log fires to cook on and some one to wait on the hungry boats standing by with big barges loaded with feed, the stock loose on the levee and all feeding at the common trough.

When we rounded the turn at Natchez this morning the whole face of the hill was covered with people and at the water's edge stood one of Uncle Sam's battle cruisers surrounded by small crafts waiting for the next break as there are hundreds that refuse to heed the warning and leave ahead of the break and we

heard of one poor devil that loaded his family on a rescue boat and then took his gun to make the captain load his stock instead of more people and the captain had to kill him in the presence of his wife and children.

I could write all night but I am so tired, got up yesterday morning at four o'clock and worked hard all day. I mean hard, getting small boats ready to go back into the woods and fields after them, and then stood watch till one this morning, got up at five and have worked hard all day and have another hard day tomorrow and maybe several more.

We have three big boats lashed together and have on board about twenty-five sailors from Key West, Florida, besides the three crews.

It is nine o'clock and I will have to get up at four, so I will close for this time.

Love to all and write me about everyone.

R. C. C.

### LIFE

By Numa Welles

Life golden days are numbered, Each wrought with care; Planned by the one who creates, Each so precious if not rare.

When life's short span has started, When true labor we do toil, That malignant hands may not defeat.

The sage is the wise man, The shallow not partaking, The genius being the diligent, The ignorant undertaking.

We live to learn, We learn to know, Thus knowing we do, Or not, as the inclination arises, so!

We move amidst the stirring throng, One digit with the rest, Constantly alternating scheming, We seem to consecrate our test.

Cruel world, pity us; Who stand amidst the shadows, For Heaven grant we be successful, In overcoming all obstacles.

Then: We live to learn in life's hard school, How many who pass above us, Pause to heed our separate creed Because they love us.

More than one million railway cars were loaded with freight in the second week of March this year. Million-car weeks are not unusual later in the year, but this is the first time that mark has been reached so early.

## Telephones Outstrip Population Growth

THE Southern Bell Telephone Company serves the nine Southern states shown on this map. The figures indicate, for each state, the population and the total number of telephones at the end of 1926, including those owned by this company and those owned by other companies, but connected with the Bell System.

Since the end of 1915 the population of this territory has grown from 18,445,000 to 20,452,000—an increase of 11 per cent. The total number of owned and connected telephones has grown from 623,524 to 1,230,125—an increase of 97 per cent. The number of telephones owned and operated by this company has grown from 369,557 to 843,172—an increase of 128 per cent.

During this same period the tax bill of the company has increased 385 per cent, while the taxable property has increased 135 per cent.

The relative rates of growth of population and of telephones indicate increased commercial and social activity, and a fuller appreciation of telephone service. They are evidence that the company is meeting the demand for service in every reasonable way.

**SOUTHERN BELL TELEPHONE AND TELEGRAPH COMPANY**  
(Incorporated)

Another Junior Hall of Fame, composed of the best nine boys and girls among 20,000 junior agricultural club members in Kentucky, is announced by the College of Agriculture, which supervises club work.

The boy at the left in the top row is Roy Lee Doman, of Jefferson county, winner of the state championship in pig club work. He is 15 years old.

The boy in the middle in the top row is Julian Price Bourne, 16 years old, of Garrard county. His calf was grand champion of the annual fat stock show in Louisville.

At the right in the top row is E. E. Nichols, 17, Mercer county, three winner of state championship honors in the breeding sheep project.

At the left in the middle row is Miss Ruth Harris, 15 Campbell county.

At the right in the middle row is Miss Ella Haag, 16 Jefferson county, for the third consecutive year the best poultry club member in the state.

At the right in the bottom row is Miss Minnie M. Eicher, 15, another Jefferson county farm girl. Her exhibit of canned vegetables, fruits, etc., won her top honors in canning club work.

Left to right in bottom row are Bryon Cull, 17, Owen county, for the second consecutive year winner of the fat lamb project; Homer B. Kash, 17, Lee county, champion corn grower and William White, 17, Mercer county, who excelled in dairying.

At the right in the bottom row is Miss Minnie M. Eicher, 15, another Jefferson county farm girl. Her exhibit of canned vegetables, fruits, etc., won her top honors in canning club work.

## FOOKS TO PREACH TO CALVERT CLASS

Baccalaureate To Be Heard in Baptist Church Sunday, May 8th.

The Rev. Daniel Fooks, of Nashville, Tenn., a native of Marshall county, will deliver the baccalaureate sermon to the graduates of Calvert City high school Sunday evening, May 8th, in the Calvert City Baptist church.

The following program has been arranged for the occasion:  
March—Entrance of Graduates.  
Chorus—  
Prayer—Bro. Sanson.  
Chorus—  
Announcements.  
Sermon—Rev. Daniel Fooks.  
Benediction.

THINGS ARE MADE INVISIBLE BY COLORED RAYS

By the use of the cleverly controlled rays of colored lights and a refraction screen, a Washington artist is able to make things invisible, says Popular Mechanics Magazine. At a demonstration, a person sitting in a chair was suddenly "dissolved from sight" while the chair remained. According to reports, the late Houdini was to have employed this system in causing and entire audience to disappear. The "magic" of the stunt is based on certain laws of light and vision, and emphasizes the fact that our eyes are dependent upon light rays for what they see.

Sharp Flints Used for Razor as in Stone Age

Maori barbers in New Zealand demonstrated their skill at an ancient shaving custom for a moving picture film recently says the Popular Mechanics magazine. For a razor, two sharp pieces of flint were used, while the customer plainly registered the fact that the operation was more of an ordeal than a pleasure. The practice of shaving with flints is said to have had its origin in the stone age, more than 20,000 years ago, and was popular, even if painful, for many centuries and among various peoples. In the British Museum are specimens of flints with which the Romans shaved in the classical age.

A Gift of Manas Luggage or Leather Goods---a joy Forever!

## SKETCHES OF BREWERS 1927 CLASS

Howard Wilkins is the son of Mr. and Mrs. J. H. Wilkins of Mrs. J. C. Grubbs of Brewers, Benton Route 3. He has been a member of the Brewers high school for the past four years, and has taken an active part in various school activities throughout his high school career. He played in the high school orchestra, he was a member of the Boy's Club, and captain of the baseball team for 1926 and 1927. Howard is a strong, well built young man. He is a good sport and well liked by his associates. He plans to continue his school work in some college after graduation from high school.

Ruby Lee Rhea is an out-standing member of the senior class of Brewers high school. She is President of the Junior Agricultural club and also of the 4-H Home Economics club for 1927. She was a member of the school chorus in both 1925 and 1926. She has also taken prominent parts in several school plays, the school circus, and the senior class play, "That's one on Bill".

Ruby is the daughter of Mr. and Mrs. L. F. Rhea of Kentucky Route 1, Ky. Her plans for the future have not been announced as yet but she doubtless will enter a college next year.

Weldon (Bill) Riley, son of Mr. and Mrs. J. W. Riley, of Kentucky Route 16, entered Brewers high school in 1925. During those four years he has completed the required course of study and has been a member of the high school orchestra and has taken an active part in all school work. He was a member of the football team which represented the town of Brewers high school at the state fair in 1925. He is president of the Senior class of 1927 and is a fine, well rounded young man. He expects to enter a college after graduation in the fall of 1927.

Addie Grubbs, daughter of Mr. and Mrs. J. C. Grubbs of Brewers, Benton Route 3, entered Brewers high school in 1924 and has continued her education through the last year of high school, graduating in the fall of 1927.

## Goodyear Tires

We used to sell another line of TIRES. And we believe they were good ones. But we were asked many times, "Do you think that Tire is as good as the Goodyear?"

So we figured if our customers made Goodyear their standard of value—why try to sell them any other kind.

And for that reason, we are now selling Goodyears exclusively.

## CALVERT CLASS TO HEAR DR. BOURNE

Diplomas Will Be Presented Following Exercises Friday, May 13th.

The fourteen graduates of Calvert City high school will receive their diplomas Friday evening, May 13th, at the conclusion of commencement exercises in the school auditorium. Dr. W. R. Bourne, dean of the department of education of the Murray Teachers College, will deliver the commencement address.

The following program will be given:—  
March—Entrance of Graduates.  
Invocation—Rev. Sauson.  
Music—Kuttawa Orchestra.  
Salutatory Address—Wilson Hoover.  
Valedictory Address—Mildred Little.  
Music—Kuttawa Orchestra.  
Commencement Address—Dr. W. R. Bourne.  
Presentation of Diplomas—H. C. Price.

A Arkansas farmer, the father of 21 children in looking over the family records, noticed that he had two sons by the same name. What a mistake, this fellow should use numbers not names.

## SKETCHES OF BREWERS 1927 CLASS

Howard Wilkins is the son of Mr. and Mrs. J. H. Wilkins of Benton Route 3. He has been a member of the Brewers high school for the past four years, and has taken an active part in various school activities throughout his high school career. He played in the high school orchestra, he was a member of the Boys' Club, and was on the basketball team, and captain of the baseball team for 1926 and 1927. Howard is a strong, well built young man. He is a good sport and well liked by his associates. He plans to continue his school work in some college after graduation from high school.

Ruby Lee Rhea, an outstanding member of the Senior class of Brewers high school. She is President of the Junior Agriculture club and also of the 3-B Home Economics club for 1927. She was a member of the school chorus in both 1925 and 1926. She has also taken prominent parts in several school plays, the school circus, and the senior class play, "That's the time on Bill".

Ruby is the daughter of Mr. and Mrs. L. F. Rhea, of Kirksey Route 1, Ky. Her plans for the future have not been announced yet but she doubtless will enter college next year.

Weldon (Bill) Riley, son of Mr. and Mrs. L. W. Riley, Mayfield Route 10, entered Brewers high school 1923. During these four years he has completed the regular course. His study has been in the High School Orchestra and has taken an active part in all school work. He was a member of the Livestock Judging team which represented the Brewers high school at the state fair in 1925. He is president of the Senior class of 27. Bill is rather tall, has genial good nature, and is a favorite with his classmates. He expects to enter school at the Bowling Green University soon.

Addie Grubbs, entered high school at Brewers in September, 1923, and has continued her work there through the four years, graduating in the class of 1927.

She is the daughter of Mr. and Mrs. J. C. Grubbs of Brewers. Addie is a very studious and dependable girl, and indications are that she will go far in accomplishing her aims. She plans to enter the University of Kentucky next year and specialize in the study of Home Economics.

Roe Wilkins, son of Mr. and Mrs. J. H. Wilkins, Benton Route 3, entered Brewers high school 1923. During these four years he has completed the required course of study, has played in the High School orchestra and has taken an active part in the Boys' Club. He was a member of the Livestock Judging team which represented Brewers high school at the State Fair in 1926. He is short of stature but has a genial good nature which makes him a favorite among his associates. After graduation he hopes to continue his education in college.

## SHARPE

The farmers are very busy at this writing. The Freshmen and Sophomores of Sharpe High school, together with a few of their friends enjoyed a weiner roast at Garrison Springs Wednesday night. Games and contests were also features of the evening.

Miss Gladys Alexander is on the sick list. Weldon Stratton and Miss Lela Ruby were in our town Sunday afternoon.

A large crowd attended the semi-annual singing convention at Sharpe Sunday.

Misses Doris Travis and Irene Woods were guests of Miss Anna Blanche P. were Sunday.

Miss Opal Harris is spending the week end with Mr. and Mrs. Minor Jett.

Roy Boyd was a pleasant visitor in our town Thursday.

The senior play, "At the end of the Lane" will be given in the auditorium here Saturday night.

The baccalaureate sermon will

be preached at the Cumberland church, Sunday, May 8th by the Rev. Dunn of Benton.

Miss Katherine Rudolph of Paducah is the week end guest of Miss Mary Vaughn.

Misses Mabel and Lillie Belle Heron spent Saturday night with Mr. and Mrs. Todd Miller.

The choir of Oakland C. P. church motored to Farley Sunday night to sing for the services at that place.

Miss Bernice Alexander spent Sunday as the guests of Miss Lillian Woods.

Miss Irene Phelps and Boyd Story attended the singing at Woodlawn Sunday night.

John H. Bondurant, principal of Sharpe school, was re-elected for next year at a meeting of the board of education Monday.

Miss Gladys Alexander was confined to the bed last week with tonsillitis.

Each class is to entertain chapel before the school is out and the Freshmen entertained with an interesting minstrel program Monday morning.

The following students from the Sharpe school passed from the eighth grade to high school: Alice Rothwell, Laurie Thomas, Richard Rudolph, John D. Lecky, Irene Wood, Doris Travis, Roetta Rudolph, Emma Rudolph, Mary Hancock, Hopson Truitt, Harlan Dishman and Ewing Miller.

## BIRTHDAY DINNER

On Sunday, May 1, 1927, Dr. J. M. Woodall and sister, Mrs. Bettie Bryan set a dinner to celebrate the eighty-sixth birthday of their father, Mr. J. A. Woodall. Each and everyone reported a delightful time. The family wishes to express their appreciation for the help rendered by their neighbors and the presence of so many friends.

Those present were: Mr. J. A. Woodall, Dr. and Mrs. J. M. Woodall, Mrs. Bettie Bryan, Mr. and Mrs. T. M. Smith, Mr. and Mrs. R. W. Vaughn, Harold and Victor Vaughn, Huel Smith, Walter Smith, Mr. and Mrs. J. C. Smith, Evelyn and Joe Jr. Smith, Mr. and Mrs. J. C. Smith, Mr. and Mrs. Vic Allen, Mr. and Mrs. Jack Watson, Edna Earl Watson, Mr. and Mrs. Lary Robert and Duane Lary, Dr. and Mrs. V. A. Stille, Mr. and Mrs. Cliff Treas, Mr. and Mrs. Sam Croason, Mr. S. L. Palmer, Rev. and Mrs. Dunn and children and Ardie Lee Dunn, Mrs. Daisy Tyree, Mr. and Mrs. Roscoe H. Innes, and children, Mary Lykes, Lillian Morgan, Elizabeth Wood, Rev. Richards, Mr. and Mrs. Charlie Morgan, Mr. and Mrs. Harber Wood and Virgil Wood, Mr. and Mrs. Carl Shemwell and children, Mr. and Mrs. Elzie Bean and children, Leander Bean, Mrs. Bettie Holmes, Mr. and Mrs. Lenora Nelson, Mr. Henry Darnall, Blaine Hurt, L. Cox, Almon Shemwell, H. H. Rayburn, Wiltch Roach, Mr. and Mrs. Jim Phillips, Mr. and Mrs. Rex Shemwell, Kathryn and James Lee Shemwell, Lottie and Ethel Dunaway, Bill Griffith, Crit McCain, Ralph Cole, James Cole, Bud Gibson, Mr. and Mrs. Dolin Cole and Vida Cole, Mr. and Mrs. Charlie Cone and son, Mr. and Mrs. Herbert Tyree and children, Hiram Tyree, Mr. and Mrs. Q. T. Guier and daughter, Mrs. Ida Tyree and Oval Tyree, U. G. Wallace, Mr. and Mrs. Bowlin, Mr. and Mrs. Luther Cole and daughter, Mr. and Mrs. Jack Cappeland and children, Mr. and Mrs. Bob McWaters, Ella Nelson, and Mr. and Mrs. V. A. Stille, Jr., and daughter Mary Carter.

## ROUTE 8

Mr. F. M. Cope started for Detroit Saturday, where he will seek employment.

Mrs. J. H. Smith, Miss Lillie Smith and Mr. Willie Smith visited Leonas Smith Saturday.

Bro. D. W. Gilliam filled his regular appointment at the Walnut Grove Church of Christ Sunday. A large crowd attended.

G. A. Cope who is employed in the Paducah postoffice, returned to his work Sunday night.

Miss Tessie Haymes and Miss Prudence Thompson spent Saturday night with Mrs. G. A. Cope. Mr. and Mrs. J. H. Smith were the Sunday guests of Mrs. Solon Hiatt.

Mr. and Mrs. Jim Frank Brown attended preaching at Walnut Grove Sunday.

Mr. W. L. Anderson and family, Mr. and Mrs. Chris Edwards spent Sunday evening with Mr. Jessie Darnall and family.

Boss Washburn of Route 8, was in Benton Saturday. Jesse Lovett left for Detroit Saturday to seek employment.

## BIRMINGHAM

Mr. Herbert Smith attended the K. E. A. at Lexington last week.

Farmers of this vicinity have done very little farming due to heavy rains.

Mr. and Mrs. Elmer Lindsey are the proud parents of a boy, who made his arrival Thursday night.

Mrs. Herbert Smith returned home after a few days visit with her parents, Mr. and Mrs. B. E. Roberts of near Benton.

Mr. and Mrs. Dave Smith entertained with a musical and party Saturday night. A large crowd attended. Everyone reported an enjoyable time.

Rev. and Mrs. L. A. Crews are the proud parents of a boy born last week, both mother and baby are doing nicely.

Miss Lucille Birdsong who has been on the sick list for some time is able to go again.

Mrs. Reid Travis was a business visitor in Paducah last week. The river is falling, will be in the banks soon if fall continues.

Mr. and Mrs. C. L. Locker and children were the Sunday guest of Mr. and Mrs. Wade Winters and family of Route 1.

Mr. J. H. Smith was in Paducah Monday on business.

Several farmers of this and surrounding vicinities were in Benton Monday.

Mr. George Allen and daughter Grace have returned home after visiting relatives in Lyon county.

Mr. R. H. Hland and Miss August Smith of Calvert City were the Sunday guest of Mr. George Holland, Miss Smith is to be a member of our high school faculty and we are glad to have her visit our town.

Misses Mildred and Kathleen Wallace were the Sunday guest of Miss Loreta Hill.

Mr. and Mrs. R. A. Travis and children, Mary L., Margaret and J. R. visited, Mr. and Mrs. Orin Malone and family Friday night and Saturday.

Mr. and Mrs. B. H. Heath, Mr. and Mrs. R. Y. Love, Mrs. Fanny Heath, Mr. and Mrs. Claude Love, Mr. and Mrs. G. L. Goben will leave Tuesday on a touring trip to Venice, Florida.

Miss Bessie Young of Lyon county is visiting her sister, Mrs.

Robert Heath and family.

Rev. J. J. Gough of Benton has been called to fill full time at the Birmingham Baptist church.

Mr. Frank Heath who is employed in Paducah spent the week end with his family of this place.

The attendance in all Sunday schools is good, but with better weather, and roads, a larger crowd is expected.

## CHURCH GROVE

Large numbers are attending the singings which are being held at Church Grove each Saturday night and Sunday evening.

Floyd Canup was busy last week working on the road.

Many farmers of this community have been setting strawberries during the past week.

Little Miss Robbie Lee Norsworthy has been ill of whooping cough.

Fonzo Harper was in Paris, Tenn., on business last Friday.

Master George Washington

Myers has been ill with pneumonia but is improved.

Mrs. Fonzo Harper has been visiting her parents near Symsonia.

A large crowd attended the pie supper given Wednesday night to raise money for the ball team.

## WEINER ROAST

The Sophomore class of Hardin high school went to the Curd Bluff on a weiner roast. Those present were:

Misses Elsie Hindman, Dorothy Lockman, Magdalene Putman, Hilda Alton, Trixie McDonald, Mary Carter, Walker, Messers, Rexie Byers, Ivan Norwood, Karl Johnston, Paul Henderson, Alton Ross, Leonard Browne, Willard Watkins.

Our visitors were Messers, Raymond Ross, Paul Norwood, Luther White and Revis Morton. Miss Fannie Burnett was chaperon. We all enjoyed ourselves.

## Charming Gifts of Jewelry for the Graduates

It's a great event, commemorate it with a gift of Jewelry.

Let us all give acknowledgment by encouraging these graduates; by giving due recognition to them; by bestowing upon them an appropriate gift that will signify our welcome to them on the threshold of their new careers.

To give Jewelry as the supreme expression of devotion, affection and appreciation is an old-time custom. Yet today it still survives as the truest means of conveying a tender message.

Arrayed here is a wide selection and charming variety of Jewelry—the very popular novelties—the kind that 'She' adores most of all—priced to fit your pocketbook. For 'Him', too, there is a world of choice selections.

If you would please them, give them gifts that will last as long as the happy memory of one of the greatest events of their lives.

## HIGHER TEACHER STANDARDS UPHELD

County Boards May Exceed Minimum Certification Law, Court of Appeals Rules.

Information has been received here by county school superintendent Roy O. Chumler of a recent decision by the Kentucky Court of Appeals, upholding the right of county boards of education to set minimum standards of teacher educational requirements above that set by the minimum certification law. This decision is regarded as one of the greatest importance in some time in educational circles.

The standard for Marshall county is that each teacher must have the minimum of a high school education or its equivalent.

Standards in Marshall county are expected to be raised higher as conditions justify, under the authority of the ruling.

### "Universal Farmer" Received in County

"Universal Farmer" is the name of a new local magazine for the farm family being distributed to local farmers.

Its contents show it to be an attractive, up-to-the-minute farm magazine containing information of interest to every member of the farm family. The current number recently received by local farmers includes articles on crop raising, on stock feeding, on farm equipment and on farm improvements for the men folks, a pattern service and articles on food, clothing and home economies for the women, puzzles and stunts for the youngsters and interesting fiction for the whole family.

Of special interest in the current issue is the article by the country's champion corn raiser, another by a man awarded the prize as a "master farmer" and a third on the corn borer menace.

This material is collected especially for the magazine by special arrangement with agricultural colleges. Government bureaus, farm experts, household specialists and fiction writers, each of whom is a specialist in his own line.

## GIVES SUGGESTIONS FOR CHICK RAISING

The importance of raising good quality chicks, of following strict sanitary precautions, of keeping the brooder at the right temperature, and of using proper feed is stressed by the poultry specialist at the Kentucky College of Agriculture, in the following suggestions:

Chicks should be kept from the flocks tested for bacillary white diarrhea. Give special attention to vigor and vitality in mating breeders.

Incubators should be cleaned thoroughly after each hatch. Scrape and disinfect trays.

Clean and spray the brooder house before moving it to fresh ground each season. Scrub the house with a pound of lye to 40 gallons of water.

Start brooder with fresh sand and litter, and clean at end of 10 days and every seven days thereafter.

Move the brooder house to ground where chicks have not been kept the previous year. This is an important precaution against disease.

Keep feed hoppers, troughs and water and milk vessels clean. Mash feeding is more sanitary than scattering grain on the floor where it comes in contact with droppings and filth. Avoid wet mashes.

Going from the hen house to the brooder house may spread disease. Do not keep a sick chick with well ones.

The brooder temperature should be 98 to 100 degrees at start, with a reduction of about 5 degrees per week. The chick's actions indicate whether temperature is correct.

Feed the first week five times daily all the dry mash the chicks will clean up in 20 minutes; the second week three times daily all they will clean up in 30 minutes; the third week begin to keep the mash before the chicks, and feed grain three times daily. Keep water or milk before chicks.

Bananas never bear the second year, unless suckers are turned out each year for the next.

## RAILWAYS DEVELOP ROAD TO PROGRESS

Growth of Territory Served by Illinois Central Lines is Illustration.

By stimulating social and economic progress, railway service is a valuable national asset, in the estimation of President L. A. Downs of the Illinois Central System. A statement from Mr. Downs thus cites the history of the Illinois Central System as an example of the benefits of railway expansion:

"Seventy years ago this railroad began to operate its original 700 miles of line, all of which lay within the borders of Illinois. Its principal stations were small and widely separated towns; for the most part its lines ran through the virgin prairie — a land uninhabited, untouched by plow, unchanged for centuries. Today the Illinois Central System operates more than 9,000 miles of line in fifteen prosperous states of the Middle West and the South — states in which good transportation has greatly stimulated the development of natural resources and of agricultural, industrial and commercial possibilities. This region now teems with activity, and it is constantly advancing in population and wealth."

The development of the Illinois Central System, and other railroads has resulted, Mr. Downs said, from the investment made for the improvement and expansion of their property. Further investments must be made, and he urged that the public do its part by indicating clearly its intention to safeguard railway credit.

### FACTS THIS AND THAT

By J. L. Wyatt

Brass is made from an alloy of copper and zinc.

The Goths and Vandals were the first people to be converted. Chinese immigration has been cut again, this may give a few American the chance to go into the laundry business.

## Well Done!

The high school graduates have reached the end of the long road. Their work has been well done. We are glad to offer congratulations and best wishes.

After the commencement exercises, visit our fountain. It's cool and comfortable and we serve that excellent GOLD-BLOOM ice cream and the best of drinks of all kinds.

Remember your Druggist is more Than a Merchant.

## SEEK PICKERS IN CALLOWAY COUNTY

Business Men Pledge Co-operation in Handling Marshall County Crop.

In an effort to get a sufficient number of strawberry pickers to handle the Marshall county crop, County Agent Hendrick and W. H. Heath spent Tuesday in Calloway county, seeking assistance in listing and placing pickers in this county.

Leading farmers and businessmen in Dexter, Hazel, Murray, Kirksey, Almo, Penny, Lynn Grove and Backsburg promised aid.

The Hardin Bank, at Hardin; J. C. Chester and Adlich & Baker, at Brewers; and Frank Swift and A. C. Crisp will list pickers in their sections.

Pickers coming to Marshall county will not be required to furnish any bedding or eating utensils as in many other places and board may be obtained for \$2.50 a week.

Tribune Ads brings results.

## We Extend A Hand To Youth

Again it is graduation time. The boys and girls of Marshall county who have mastered the high school curriculum have come to the time of reward and to the commencement of fuller and higher duties.

We are pleased to join in extending hearty congratulations and best wishes to each member of the five high school classes.

This institution has always had a deep and abiding interest in the young men and young women of the county. It is proud of the fact that it has assisted many of them on their road to a higher education and more responsible endeavor. Though others may have equal, no similar institution has a greater interest in the development and welfare of the youth of Marshall county than this bank.

**14 WILL GRADUATE  
AT CALVERT HIGH**

Baccalaureate Will Be Delivered  
by Rev. Fooks; Full Week  
Is Planned.

Fourteen young ladies and young men will receive their diplomas at the commencement exercises of Calvert City high school this year.

The commencement week program will be opened Sunday, May 8th, with the baccalaureate sermon, which will be delivered by the Rev. Tom Fooks, of Nashville, Tenn., at the Calvert City Baptist church. The Rev. Fooks is a native of Marshall county and has been a pastor in Nashville for several years.

Monday evening, the pupils of Miss Tylene Marshall, instructor in music at the school, will give a recital in the school auditorium. Tuesday, the junior class and patrons of the school will entertain the graduating class with a banquet at the school.

Wednesday evening, May 11th, the senior class play, "Am I Intruding?" will be presented in the auditorium. The play is a mystery comedy and promises to be one of the best given in that section in several years.

The senior party will be given Thursday evening and the year's work will be concluded Friday with the commencement exercises. Dr. W. R. Burne, dean of the college of education of the Murray Teachers College, will deliver the commencement address. Miss Mildred Little will deliver the valedictory oration and Wilson Hoover, the salutatory address.

**SHARPE EXERCISES  
WILL OPEN MAY 7TH**

Commencement activities at Sharpe high school will begin Saturday, May 7th, with presentation of the annual senior class play. The title of the drama to be given is "The End of the Lane."

Sunday evening, May 8th, the Rev. K. G. Dunn, of Benton will deliver the baccalaureate sermon in the Oakland Presbyterian church.

Prof. Walter C. Jetton, principal of the Tilghman high school, commencement address Friday evening, Paducah, will deliver the coming, May 13, in the school auditorium.

Fourteen will receive their diplomas from Sharpe high this year, the class roll being as follows: Blondal Travis, Leighton Solomon, Zilpha Hancock, Nellie Rudolph, Joseph Lecky, Verda Pace, Leland Seay, Letha Dishman, Lyles Stinson and Arlene Stahl. John Bondurant is principal of the school.

Since 1900 railway taxes have increased 700 per cent, from less than \$500,000 to approximately \$400,000,000 a year.

The taxes paid by the Illinois Central System last year exceeded the dividends paid to stockholders by approximately \$1,800,000.

Members of the graduating class are Raymond Darnell, Gladys Beas, Napoleon Hill, Bryan H. Hant, Mary Jo Holland, Aracenia Holland, Wilson H. over, R. C. Lawrence, Mildred Little, Helen Marshall, Met Tarry, Lewis Thurston and Fanny Smith.

**BREWERS PLAY TO  
BE GIVEN FRIDAY**

Senior Junior Classes to Present  
Comedy in School Auditorium.

At 8 o'clock Friday evening, May 6, the junior and senior classes of Brewers high school will present their class play "That's One on Bill." It is a three act comedy written by Lillian Mortimer and the story runs something like this:

Bill Haily objects to the efforts of his wealthy and youthful uncle Jimmie to arrange his wedding to Mab, a sweet but quiet girl whom uncle Jimmy has selected for niece-in-law. If Bill refuses to marry Mab he will fail to get a part of his uncle's fortune and this part will go to a prize fighter battling Bennie Bozo, if Bennie remains unmarried.

Bill's sister, Lil, seeks to have her brother marry Mab as her uncle desires, and plots to make him tired of his romantic desire for a motion picture bride. Lil gets her school friend, Patricia, to visit their home in the guise of a motion picture star, and Patricia loses no time in ensnaring the hearts of all the boys in the neighborhood. Bill completely loses his head over her. Many interesting events bring all the affairs to a satisfactory ending that surprises all. To learn the rest of the story one must see the play.

The American people spent \$23,000,000 in other countries for dairy products, eggs and egg products in the three years 1923-24-25.

Advertising Rates Upon Application

Myer-Both Full Feature Advertising Service

The only basis upon which The Tribune-Democrat expects patronage is upon MERIT. A constant effort is being devoted to and continually improving the value and interest of the paper.

The Tribune-Democrat endeavors to be a wholesome, complete and a wide country newspaper, giving to the people of this county a full and faithful newspaper service without prejudice to any opinion, belief or policy that does not conflict with the best interests of any people, yet without fear to criticize what appears to be wrong and to endorse that which appears to be right without regard to the popularity of its stand.

## What Will You Do With Your Pig?

The Tribune-Democrat hopes that those who win a pig in the free drawing here last Saturday will carry out the spirit of the rewards by utilizing these animals as the foundation of fine crops of hogs.

We have had it preached to us for several years that the cow, the sow and the hen promise the best rates to a steady prosperity making farm income and we are inclined to believe that it is sound economic doctrine.

Hogs are not always going to be as high as they are now but the farmer who has purchased a pig and have made reserve county, there were fewer than ten hogs, such as those prizes are

has a much better opportunity to make money in pork than one who uses scrub stock. Good blooded hogs gained faster on the same amount of feed than poorly bred animals.

Those who won these pigs have an excellent chance to pyramid their investment and we trust that they will do so.

## Elevating the Derby

Among the "professional men of the highest standing" who have joined the Kentucky Jockey club, in lifting the "standard of American racing" to the highest purged hogs on farms in that county, have made reserve county, there were fewer than ten hogs, such as those prizes are

has a much better opportunity to make money in pork than one who uses scrub stock. Good blooded hogs gained faster on the same amount of feed than poorly bred animals.

## Gifts for Graduation Days Jewelry

from Minus Will Please The Most

Not only will the graduate be pleased with a gift of jewelry but it is also very appropriate for the occasion. It is fitting that an event long to be remembered should be commemorated with a gift that is likewise lasting.

If your gift box has printed on it the name of "Manas" the recipient knows that it represents the highest skill of the Jeweler's art and that it will remain beautiful and useful many years.

## —A Few Suggestions—

Wrist Watch ..... Watch  
 Dress Set ..... Belt & Buckle  
 Fountain Pen ..... Fitted Cases  
 Pen & Pencil Set ..... Vanity Compact  
 Ring ..... Purses  
 Diamonds ..... Chains  
 Pearls ..... Cigarette Lighter

## Luggage—The Gift Useful!

Luggage is one of the most desirable and appreciated gifts that can be given the graduate for most of them will be going away to college or normal school.

Our selection is the largest in this section of the state and you may find here gifts that will be ideal.

## FREE Engraving

An expert engraver who can suggest and also carry out your wishes as to the engraving to go on your gift.

## FREE Stamping

We don't sign off when the purchase of leather goods is made. We stamp in gold free the name or initials you desire.

## FIX BAYONETS

The War at Close Range Described in a Remarkable Series By an Officer of the Marines —

Capt. John W. Thomason, Jr.

(Illustrated by the Author from Sketches Made on the Battlefield)

Copyright 1926 by The Bell Syndicate Inc.

## SYNOPSIS

CHAPTER I. — The author describes how the First Battalion of the Fifth Marines are quartered near Marigny, Louisiana, the first night of June, 1918, when they are suddenly sent up north to relieve the First division, bearing the brunt of a tidal wave of German fury breaking through for a great offensive. Part of the Fifth went into the trench and the rest went to the German counter-offensive, they can see nothing. While the Fifth is in the trench, the Boche detachment of Second engineers comes to their assistance.

CHAPTER II. — A terrible German attack soon develops, spreading fearful death among the trench men, but not halting them. In the immediate vicinity other heavy encounters are reducing the American troops and forcing the necessity of replacements which arrive promptly. In the trench, the Fifth runs into a little fighting in the vicinity of Champagne for hours they try to hold the trench but it is brought in the woods and succeed commandably, but at great cost.

CHAPTER III. — The author describes how the First Battalion of the Fifth Marines are quartered near Marigny, Louisiana, the first night of June, 1918, when they are suddenly sent up north to relieve the First division, bearing the brunt of a tidal wave of German fury breaking through for a great offensive. Part of the Fifth went into the trench and the rest went to the German counter-offensive, they can see nothing. While the Fifth is in the trench, the Boche detachment of Second engineers comes to their assistance.

CHAPTER XVI. — The author describes how the First Battalion of the Fifth Marines are quartered near Marigny, Louisiana, the first night of June, 1918, when they are suddenly sent up north to relieve the First division, bearing the brunt of a tidal wave of German fury breaking through for a great offensive. Part of the Fifth went into the trench and the rest went to the German counter-offensive, they can see nothing. While the Fifth is in the trench, the Boche detachment of Second engineers comes to their assistance.

And the battalion went on, enduring grimly. Finally, when it passed its front, which ran diagonally to the line of advance, the Seventeenth company, that had turned savagely on the left, turned and got a foothold in the Essen hook and got a foothold in its rear. A one-pounder from the regimental head-quarters company was rushed up to assist them, and the men yelled with delight as the vicious little cannon got

in direct hits on the Boche emplacements. Hopelessly cut off, the large body of Germans in this formidable work surrendered after a few sharp and bloody minutes, and the Seventeenth, sending back its prisoners, rejoined the battalion.

Prisoners began to stream back from the front of the attack, telling of the success of the Sixth. Wounded came with them, some walking, some carried on improvised stretchers by the Boche "kamarads." Most of them were grinning. "Goin' fine up there, boys, g'n' fine!" "Lookit, fellows! G'n' a hon blighly!" "Well give 'em your regards in Paris!"

For awhile now the battalion halted, keeping its distance from the unit ahead. The men lay on their rifles and expressed unnumberable yearnings for food. "Eat, Eat? Hell! Shock troops ain't supposed to eat!" Officers cast anxious glances toward the attack, exposed left. The French attack had failed to keep abreast of the American.

## A National Asset

Railway service is one of our country's most valuable assets. It fosters national unity and thereby stimulates both social and economical progress.

Before the railroad came to serve our people travel was difficult, communication was slow, and shipping by land was highly expensive. Lack of efficient transportation impeded social progress, confined trade to small areas and restricted the development of our abundant natural resources. As railway construction progressed, these conditions improved. Travel became easier, communication was speeded up. Distance no longer constituted a barrier to trade. The railroad found and developed new markets for producers, new sources of supply for consumers. Sectional lines gradually disappeared.

The history of the Illinois Central System strikingly demonstrates the benefits of railway expansion. Seventy years ago this railroad began to operate its original 500 miles of line, all of which lay within the borders of Illinois. Its principal stations were small and widely separated towns; for the most part its lines ran through the virgin prairie, a land unutilized, untouched by plow and harrow in centuries. Today the Illinois Central System operates more than 9,000 miles of lines in fifteen prairie states of the Middle West and the South—states in which good transportation has greatly stimulated the development of natural resources and of agricultural, industrial and commercial possibilities. This region now teems with activity, and it is constantly advancing in population and wealth.

The development of railroads, the Illinois Central System among them, was an important factor in this veritable economic revolution. Such railway development, in turn, however, depended upon another factor—the steady inflow of new capital for the improvement and the expansion of railway property. For example, the Illinois Central System today represents an investment equal to the cost of thirty railroads such as the Illinois Central of seventy years ago. Moreover, its ability to render greatly improved service today is intimately related to its increased investment.

Investment enabled the railroads, in the past to lead the way in national development. Similar investments in the future will have further beneficial effects. We as a people must do our share to encourage such investment by indicating clearly our intention to safeguard railway credit.

Constructive criticism and suggestions are invited.

L. A. DOWNS,

President, Illinois Central System.

CHICAGO, May 2, 1927.

## CLASS ROLL OF BENTON GRADUATES

Haeckel Gold Bond. "Speck" On every occasion he has been able to compose an appropriate eulogy. He was elected by the members of the class grandeur by an unanimous vote and is always ready to lend a helping hand. He was never much of a spend thrift but he has a good many of the class's favorite occupations. Haeckel has an important role in the senior play. He is a firm believer in charity and "prudence".

Mary Thompson, the class baby, won't be seventeen until December. She is the daughter of Mr. and Mrs. James Thompson of Route 2, Shenandoah and has played basketball for four years as "Runt" or "Sample" and one of the famous triplets, is the attractive daughter of Mr. and Mrs. Wallace Gregory. She is a member of the Eureka society and was elected to the senior class. We were all delighted this morning, April 25, when we saw her in the Western Kentucky and making a Clay Nelson manager of same.

James McGregory, known as "Philbas" son of Mrs. Clara McGregory, has been a member of Benton high school for the last four years. As James is one of our dearly beloved brothers we have taken special care not to turn him from the paths of righteousness as he is planning to be a minister of the Baptist faith. He is the chief commander of the Society class and the judge of Benton, Ky. State in time of need.

Oscar Mathis, "Oscar" Orange was completed at the Benton Ad. as a son of Mr. and Mrs. N. B. Mathis, of Paducah, Ky. Oscar is prominent for his cheerful and friendly manner toward everyone. He is a member of the Eureka Library club, the Eureka society and a member of the basketball and basketball team and a member of the future work as a pharmacist. He is famous with his beautiful poetry.

Lordly Jewel  
 for Distinguishing Grad

If you want to remember your graduate friends let us ask that you get the "gift that lasts".

Here are scores of appropriate for both the young ladies and the gentlemen; pieces of jewelry high in value, the latest creations of Jeweler's art and yet low in price.

Here are also many selections are useful as well as ornamental them beautiful.

For the "sweet girl graduate" we recommend Ring, Wrist Watch, Perfume, Vanity Case, Pearls, Bar Pin, Bracelet, and many others.

For the young men we recommend: Elgin Watch, Tie Pin, Ring, Belt Set, Cigarette Case, others.

For either, we could not recommend anything but a non-breakable PARKER FOUNTAIN PEN, lasting as long as they live.

BENTON,

## SKETCHES OF CALVERT GRADUATES

Ruth Owens — Ruth is the daughter of Mr. and Mrs. Bob Owens of Calvert City Route 1, very fond of mathematics, especially at Calvert and has been a constant attendant every since. She is now seventeen and is one of the youngest members of the class. Although Ruth didn't take part in athletics, she has ever been a booster of the school and its activities. She doesn't have much to say but she tends to her own business and lets the others to do what they will do after school is out. She has demonstrated her ability as a cook in the home economics class and a bright future is before her as a house wife. Some call her grouchy but that is because they don't know her so very well. She has been a good student and will be greatly missed when the roll is called in old C. C. H. S. next year.

Willson Hoover, the son of Mr. and Mrs. A. R. Hoover, who reside near Calvert City, was born September 7, 1907. Mr. Hoover is better known by his schoolmates as "Jimmie". Jimmie entered his successful school life at Howard's

Grove, after completion of elementary education he entered Calvert high school which he has been attending for the past four years. In his high school career he has won fame by his excellence in character and the power to master his subjects and for the latter he has won the honor of Salutatorian of the class. At entrance he was some what bashful but since he has attended high school he has changed to a romance character. His high school activities has been mostly intellectual, among those are: a member of livestock judging team which went to State Fair in 1925; member of debating team of 1925 and 1927; President of Bible class and a distinguished character of the Senior play. His favorite pastime is argumentation, which he has won many decisions from both students and faculty. Mr. Hoover plans to enter Bowling Green University in near future. His determination is so strong that success is certain.

Napoleon Hill (Hank) — The Senior class of C. C. H. S. is indeed proud of our long legged President. During his four years in C.

H. S. he has been a faithful, studious and energetic student. He is and are sure of wonderful Sally Geometry, in which he made straight A's. This is very rare and we the class feel that we possess an unusual brain that of Napoleon's. The circumstances under which he has attended school have been rather hindering, most of the time he has either come in a boat or buggy. In 1926 he attended the Kentucky State Fair in Louisville, as a member of the Calvert High school's Stock judging team. Hank enjoys teasing the girls and playing baseball and his favorite saying is "shoot-fire". After graduating he plans to enter University of Kentucky, and was sure of winning the future for our "daddy long legs".

Rube Thurston, or "baby" as he is called by his schoolmates. He is among the 14 graduates of Calvert school and is as highly praised as any of the big 14. He was born May 11, 1908 and is now 18 years old. He is a star basketball player, his regular position being center, and he is much feared by all teams, and his own team grieves because he must leave them. He has also become a bright star in the big 9 baseball team of Calvert and may some day become a great league player as a hard hitter, but athletics is not all, he's an A student in his studies and his favorite book being history. One of his past times is picking on some pretty girl, altho he says he will always live a bachelor life, but we hope not and we wish to see him happily settled some-day.

Mr. R. C. Lawrence, a senior of Calvert High, is the son of Mr. and Mrs. W. M. Lawrence of Gilbertsville, Ky. He is doing his senior work here, after having completed successfully three years in G. H. S. He is one of the outstanding students in the class room and in activities of the school and community. He is a model boy and a brilliant student and generally succeeds in anything he attempts to do. We feel sure that a High school education will be only one small attainment of a large number of larger ones. He will graduate May 13, and will have many friends who will notice him absent among a number of new faces at the opening of a new school year. We hate to see him leave, but all heartily wish him success.

Mr. Raymond Darnell is the popular son of Mr. and Mrs. F. R. Darnell of Gilbertsville. He was born March 15, 1908 and is generally known as "Kildoe", his sunny disposition has won him many friends. Kildoe attended Gilbertsville Hi school until 1926 and then entered Calvert school as a senior, where he will graduate with the '27 class. After graduation he will enter State University and specialize in Agriculture. He has played basketball and baseball to some extent but

doesn't car for that as he has a talent for tormenting the girls. His favorite girl is blonde, his favorite color is blue and his favorite saying is "Oh, Gee! Ain't she a peach?". Kildoe is a good actor and is capable of accomplishing great things. If he continues in his chosen study, he will become a great agriculturist and Marshall county will be proud to claim him as a native son.

Helen Marshall, better known to her friends as "Salty", is the daughter of Mr. and Mrs. R. H. Marshall of Gilbertsville. She was born October 13, 1909, and entered high school at Gilbertsville at the age of 13. She started school at Calvert in the fall of '26 and will graduate with the class of '27. She is the artist of the Senior class and after graduation will enter the State University taking a course in art. We are sure she will succeed as she has shown a marked talent in that direction. She is a musician of no mean degree and has won a prize for playing at a recital. Helen has taken an interest in basketball during her year in Hi school and has played on the Gilbertsville team for 3 years. She has several aims in life, but her greatest is to be a renowned artist. No matter what she decides to do we are sure she will succeed if she only "adds a little more salt".

Fanny Smith, better known by her classmates as "Flapper Fanny", was born November 21, 1908. She entered school at Sanders Ridge but later moved to Calvert where she finished her work in the grades and entered high school in 1923. Fanny is the most popular member of the class of '27. Winning much fame as a dramatist. Besides her fame as a dramatist she is very beautiful and has attractive and winning ways. If it takes kindness, ability, charming ways, will power and patience we are sure she will go to the top of the ladder. Fanny is greatly beloved by all the teachers she ever went to. Her greatest motto is "Climb Higher."

Mary Jo Holland, better known as "Jo" is one of the most valued members of the Senior class of G. H. S. She was born on October

6, 1908, on Daughtery Hill, near Birmingham, Ky., and attended Murray Teacher's College preparatory school in Birmingham and Mt. Carmel until January 1926, when she entered C. H. S. Jo is a great booster of athletics and was yell leader for the past year. In the senior play she has the role of a flirt, which certainly suits her. Jo's favorite saying is "Gump", and her greatest delight is arguing with "Baby" Thurston. She is a well rounded student, entering into every school activity wholeheartedly. At the County Fair last fall she was selected "Queen of the Harvest", a honor which she rightfully deserves, because of her beauty and personality. Mary Jo does not know yet what she will do next year, but we are sure of a successful future for her.

Met Tarry, son of Mr. and Mrs. W. Tarry of Birmingham, Ky., was born October 13, 1906. His home is located on the Birmingham and Gilbertsville road, one mile from Birmingham. He attended his home school (Birmingham) in the early days of his life, until 1926 when he entered the Birmingham, Ky., and attended Murray Teacher's College preparatory school in Birmingham and Mt. Carmel until January 1926, when she entered C. H. S. Jo is a great booster of athletics and was yell leader for the past year. In the senior play she has the role of a flirt, which certainly suits her. Jo's favorite saying is "Gump", and her greatest delight is arguing with "Baby" Thurston. She is a well rounded student, entering into every school activity wholeheartedly. At the County Fair last fall she was selected "Queen of the Harvest", a honor which she rightfully deserves, because of her beauty and personality. Mary Jo does not know yet what she will do next year, but we are sure of a successful future for her.

He has secured the position as teacher of Bald Knob school for the ensuing year. At the completion of said school he intends to enter Murray State Normal to complete a higher education. The people of Calvert community as well as the students of Cal-

vert school regrets the fact that duty is calling him away. We sincerely hope him success in the future, and shall always be thankful for his diligent work in our school.

W. Brien Holland, better known by his friends as "Jaeger" is an other important member of our senior class of 1927. He would have been a graduate at another date, but on account of sickness he is with us in '27. He has attended high school at McKenzie, Tenn., Gilbertsville and Calvert City and has shown great interest in athletics, being a star in basketball. He is one of the greatest characters that ever went on the stage. He is a great oratorical speaker and a debater. Brien has a ambition that is not

shared by anyone, who is almost sure to win and we are sure that he is going to be a great success in the future.

## We Are Proud of Our Graduates

We are proud of Calvert City high school and especially so of those who will receive their diplomas this year.

We take deep pleasure in extending hearty congratulations and best wishes for a long and successful career in whatever they undertake.

We have enjoyed being with the graduates during their school work here and while we regret to see them leave we wish them God speed.

Our assistance is always offered in any movement that aims for the improvement of the Calvert schools and we are proud to live in a community that sustains a school of such aims and attainments.

AGAIN:- BEST WISHES.

### Pains disappeared

"SEVERAL years ago I was 'badly run-down,' says Mrs. John Bunch, R. F. D. 3, Columbia, S. C. 'I could not do any of my work. I was so weak I could not wash a dish. My back and sides hurt me at times dreadfully. I dragged around until I finally got down in bed.' Then, explains Mrs. Bunch, she happened to read about Cardui, the women's tonic, and decided to give it a thorough trial, the results of which she describes below:

"It seemed to reach the cause of my trouble at once. I did not take it long before my appetite began to improve. I gained in weight from 114 pounds until now I weigh 125 pounds. I soon was able to be up around the house. I took up my household duties and was delighted with my returning strength."

"I now do all my own work. The pains in my sides and back have disappeared and I feel like a different person."

Cardui has been helping suffering women for nearly 50 years. Sold by all druggists.

## BRIEF HISTORY HARDIN GRADUATES

Beatrice Jones, sixteen years of age is the daughter of Mr. and Mrs. W. C. Jones of Hardin, Kentucky. Beatrice is the star of our class. She has only been in high school three and one-half years, but during that time she has shone brilliantly. She was a member of the Hardin debating team this year and is a member of the Tennis club. She is Valedictorian of her class. Beatrice will attend college next year.

You see a learned girl.

You may know it is Beatrice

By her red, red curls.

Verba Smith — Verba is the least of our class, but by no means the weakest. She is the daughter of Mr. and Mrs. H. L. Smith, and is a worthy representative of the Hardin high. Verba is 19 years old and is planning to enter a business college in September. She is the heroine in the senior play, and the honor roll has contained her name every time this year.

Oh! She's and "Ace" alright.

Leah Nellie Crass is the attractive daughter of Mr. and Mrs. H. M. Crass, a prominent merchant of this city.

Nelle is just seventeen years old and has a very promising future, she is contemplating entering Draughon's Business College the next year.

Besides making the honor roll every time, she is very active on the tennis court, and is also a member of the Emmersonian Literary society. Nelle is vice-president of the senior class, on the program committee and plays the piano well.

Nettie Irene Conner — Irene is the daughter of Mr. and Mrs. J. F. Conner of Hardin, Route 1. She is 20 years of age and a senior of whom everyone is proud, because she has been so faithful in securing her high school education. We are not afraid of Irene falling on the road to success, because she already has her start in Home Ec. We the Senior class predict that she will make a wonderful "little housekeeper."

Bettia Redden — Bettia, another of our teachers' to be, is 21 years of age and twin to Binnia. She is also planning to enter the Murray Normal next spring. Bettia is the daughter of Mr. and Mrs. Lee Redden of Benton, Route 8. She has made a good record in high school and the most notable feature of this record is promptness. She has always followed the old slogan "If anything is worth doing, it is worth doing well." Her friends regret that she will be with them but a few days longer.

Jennie Farley — Jennie is one who does well whatever she undertakes. She is the attractive daughter of Mr. and Mrs. Will Farley of Benton, Route 8. She has taken no part in athletics but has the honor of being the most brilliant student in her Algebra class. Jennie is 17 years of age and expects to make teaching her life work. She is a member of the Emmersonian society and will be greatly missed after her graduation.

Walter Raleigh Green — Raleigh has just been with us three years but has made a good record. He is a member of the baseball and basketball team and was also a member of the agricultural club and made a trip to Louisville in the stock judging team. Raleigh is president of the senior class and is the son of Mr. and Mrs. G. I. Green of Benton, Route 8. Raleigh means to take a course in civil service after graduation.

Raleigh is a great lover of his English history, especially the reign of Queen Elizabeth.

Miss Dorothy Lockman, the charming daughter of Rev. and Mrs. W. S. Lockman, of Hardin, Ky., is only seventeen years old and possesses a winning disposition. She moved to Hardin last November and started to school December. She is one of the best members of the senior class and Hardin school will lose a trophy at her graduation. She was on the debating team which took part in the enter-schoolastic debate and was a very able debater.

Dorothy intends to go to college this summer at the Murray State Normal and Teachers College.

Agnes Johnston — Agnes is the class baby in years, being only sixteen, but not in size and popularity. She is the daughter of Mr. and Mrs. B. H. Johnston of Hardin, Kentucky.

When you look upon Aggie you at once detect wisdom from her high forehead, but being Salutatorian of her class is not her limit. She is the class secretary, the most enthusiastic player of the Tennis club, a member of the debating team and a very accomplished musician. Agnes plans to attend college after her high school career is ended. Although Hardin high school will feel her loss greatly, we want to congratulate the world on being able to claim her as its own true citizen.

Carmer Farley — Carmer is another one of those steady workers that is sure to make good, especially strong in Math. We have visions of him in the future as Prof. Farley of mathematics Dept. in a large school. Age 20, son of Mr. and Mrs. M. E. Farley, Benton, Ky., Route 8.

Pauline Brown, the seventeen year old daughter of Mr. and Mrs. W. H. Brown of Hardin, Route 1, has secured a position as teacher of the Union Hill school before having completed her senior year. Although she has never taken a very active part in athletics, she has been an important factor in Hardin high school. She is the third best in her class and has been on the honor roll each time.

Here we have our "little woman" Mae Harrison, daughter of Mr. Oscar Harrison, Hardin, Ky. She is 17 years of age. Besides making the honor roll several times during the year she keeps the home of her father neat and cozy. She is a wonderful cook, and her disposition is as light and fluffy as her biscuits. She is secretary of the tennis club. When Mae leaves Hardin high there will be a vacancy in the heart of the under-graduate that can never be completely filled. She will attend college next year.

Elizabeth Brown — Lizzie, a very dramatic little girl, is 18, daughter of Mr. and Mrs. W. A. Brown. Lizzie bears a striking resemblance to Queen Elizabeth of English History. She is very fond of Sir Walter Raleigh. She is a member of the Emmersonian Literary society and is planning to enter the business world.

Avice Henderson — Avice is the 19 year old daughter of Mr. and Mrs. Tim Henderson of Hardin, Route 2. She has been very anxious to obtain a high school education. To prove this she has come from her home to school four miles each day. Then too she has been very persistent in her studies and has been on the honor roll several times. Avice plans to attend the Normal school to prepare for teaching after she bids farewell to H. H. S.

Binnia Redden, daughter of Mr. and Mrs. Lee Redden of Union Hill, is 21 years of age. Binnia is another of our budding teachers

## 5 AT BREWERS TO RECEIVE DIPLOMAS

Judge J. C. Speight to Deliver Commencement Address Friday, May 13th.

Judge J. C. Speight, of Mayfield, will deliver the commencement address to the five graduates of the Brewers high school Friday evening, May 13th, at eight o'clock. The exercises will be held in the school auditorium.

Following is the program for the occasion:

March.

Welcome Address—Ruby Rhea.

Song by school.

Class History—Addie Grubbs.

Special Music.

Advice to Juniors—Roe Wilkins.

Class Prophecy—Weldon Riley.

Introduction of Speaker—Howard Wilkins.

Address—Judge J. C. Speight.

Mayfield.

Presentation of Diplomas—Mr. Hubbard.

The county agent has assisted in forming agricultural improvement programs in five Mason county communities. Livestock, lime and legumes occupy prominent places in all of them.

A special price made by the Russellville quarry stimulates the use of limestone in Logan county.

The county agent predicts a 300 percent increase in poultry raising in Pike county this year. Twenty new poultry houses have been built this spring.

A farm products and merchants show is being planned for Danville next October.

and will attend Normal school this summer with the aim of teaching next fall. She is of the quiet, reserved type, but one who is sure to make her mark. Binnia will be missed in the school years to come because she has become through merits of her own, a person to be trusted.

## Hail to The Graduates---

We are sincerely proud to congratulate the graduates of Hardin high school and also the others in the county who receive their diplomas this year.

As they go forward to meet the problems of life we wish them all the happiness and success possible throughout the years and knowing these young ladies and young gentlemen as we do, we are sure that they will succeed in whatever they undertake.

This store is interested in the community it endeavors to serve. This company is composed of men who are property owners here, who are glad to pay taxes for good schools, churches, better roads, better farming and in all those things that make Hardin and Marshall county a better place in which to live.

## Remember Them With an Appropriate Gift

It is fitting that you remember each of the graduates with some token of your appreciation of them and the honor they have attained.

We have many gift suggestions here for both the young women and the young men that will please them highly. The prices are most reasonable and we will be glad to show them to you.

WE DESIRE YOUR PATRONAGE, YOUR GOOD WILL, YOUR CONFIDENCE. WE PLEDGE COURTEOUS AND EFFICIENT TREATMENT, DEPENDABLE SERVICE AND HIGH GRADE MERCHANDISE.

## WHO'S GRADUATING AT SHARPE

Blondal Travis, the eighteen year old daughter of Mr. and Mrs. A. F. Travis of Little Cypress, route 1, is one of the most popular students, not only in the senior but of Sharpe High school. She is very pleasant and agreeable, and responds readily to "Travis" the name by which she is most commonly called. Her favorite expression is "What are you going to do about it?"

Blondal is a good student and excels in Home Economics. She took an active part in the physical, educational drill, which helped her win the pennant for Sharpe high school. She also played the part of standing guard on the basketball team throughout the season. She is a member of the O'Hara Literary Society and takes an active part in all school activities.

Blondal is planning to attend the State University this fall. Mr. Leighton Solomon is the 21 year old son of Mr. and Mrs. L. H. Solomon of Palma, Ky. Leighton is usually known to his schoolmates as "Sunshine". He meets every one with a pleasant smile, and has a kind word for everyone. "Sunshine" entered high school at Sharpe with the determination to graduate, he has been a faithful student, and has just first succeed in winning a diploma.

Leighton has been an active member of the school.

## WHO'S GRADUATING AT SHARPE

Blondal Travis, the eighteen  
year old daughter of Mr. and Mrs.  
A. F. Travis of Little Cypress,  
Louisiana, is one of the most pop-  
ular student, not only in the sen-  
ior but of Sharpe High school.  
She is very pleasant and agree-  
able and responds readily to  
"Travis" the name by which she  
is most commonly called. Her  
favorite expression is "What are  
you going to do about it?"

Blondal is a good student and  
excels in Home Economics. She  
took an active part in the physical  
educational drill, which helped  
in the nuptial for Sharpe high  
school. She also played the part  
of standing guard on the basket-  
ball team throughout the season.  
She is a member of the O'Henry  
Literary Society and takes an ac-  
tive part in all school activi-  
ties.

Blondal is planning to enter  
the State University this fall.

Mr. Leighton Solomon is the  
four year old son to Mr. and Mrs.  
H. Solomon of Palma, Ky.  
Leighton is usually known by his  
nickname as "Sunshine". He  
meets every one with a pleasant  
smile, and has a kind word for  
every one. "Sunshine" entered high  
school at Sharpe with the deter-  
mination to graduate, he has been  
faithful student, if he did not  
succeed he would try, try again.

Leighton has been an excellent

basketball player for the past  
four years, and the teams will  
miss him hereafter. Leighton has  
not fully decided what his fu-  
ture occupation will be. He is a  
person who makes his mark high,  
and works hard to reach it. All  
of "Sunshine's" schoolmates  
wishes him much success through-  
out his life's career.

Miss Zilpha Hancock known by  
her schoolmates as "Zip" is  
eighteen years of age, and is the  
charming daughter of Mr. and  
Mrs. Jim Hancock. She was cap-  
tain of the girls basket ball team  
and took great interest in athlet-  
ics and also secretary of the O'  
Henry society. She is a student,  
being especially fond of Geome-  
try, "Zip" never has the blues,  
and always has a smile for every-  
one. She is not sure of her plans  
for the future, as the world is so  
full of vicissitudes, but she is in-  
tending to finish her education  
sometime in the near future.

Nellie K. Rudolph: Nellie K.  
is the daughter of Mr. and Mrs.  
Guy Rudolph. She will graduate  
from high school in the Senior  
class of '27. She is eighteen years  
old, and for the past four years  
she has been a prominent student  
of Sharpe high school. Miss Ru-  
dolph has never participated in  
any athletics, but is an excellent  
musician. She is the valedictorian  
of her class.

Mr. Joseph Lorenza Lecky, is  
the son of Mr. and Mrs. Hence  
Lecky. He is 18 years of age, and  
is known by all of his school-  
mates as "Preacher." Lorenza en-  
tered high school in 1924 as a  
Freshman, and has worked faith-  
fully and successfully these four  
years.

He has been a good sportsman  
in both basket ball and base ball.  
This year has been a splen-  
did captain of the basket ball  
team which has been victorious  
over many other strong teams  
of the county and adjoining counties.  
We are sure the team will miss  
him after this year.

Lorenza has not yet planned  
his future but in whatever ocu-  
pation he chooses to follow that  
he will be successful, for when  
he starts to do a thing little or  
big he puts his whole soul and  
body into it, and means to do his  
very best. He is like Emerson  
"If anything is worth doing it is  
worth doing right."

Verda Pace: Verda will gradu-  
ate in the Senior class of 1927.  
She is a popular young girl of  
seventeen, her ambition is to win,  
and overcome the obstacles that  
confront her.

She is better known by her  
schoolmates as "Paint Bucket",  
her hobby is using the lip stick.  
We will all miss her next year.  
We wish her a happy and pres-  
perous success in life's career.

Mr. Leland Seay, the son of  
Mr. and Mrs. Carl Seay, of Sharpe  
will graduate in the senior class  
of Sharpe high school in the year  
of 1927. Leland is known by his  
nickname, "Calf." Calf played  
center part of the time on our  
basketball team this year, and is  
first baseman on our baseball  
team. He is liked by every one  
that knows him, we know he will  
be missed by us next year at  
school. Calf was the leading  
character in the play "Arizona  
Cowboy" playing the Navajo  
Chief part "Big Elk" and he also  
has a leading part in the Senior  
play "End of the Lane" to be  
given May 7th. We expect Calf to  
be a cart onist, and he will take  
Bud Fisher, Sidney Smith and  
Ker of the map.

Letha Dishman: Letha is the  
attractive daughter of Mr. and

Mrs. R. M. Dishman. She is eigh-  
teen years of age and a member  
of the 1927 graduating class at  
Sharpe.

Miss Dishman has taken a  
great interest in athletics at  
Sharpe and has been a member of  
the basket ball team for the past  
three years. Besides athletics she  
has been faithful in her work and  
has done what she could for the  
upbuilding of the school, always  
ready to respond when called up-  
on. At school she is quiet and  
seems to take life as it comes.

She will be missed at S. H. S.  
being so kind hearted and an in-  
timate friend to all. Yet she must  
go and we wish her luck in her  
final steps from school at Sharpe.

Lyles Brown Stinson, the son  
of Dr. and Mrs. L. E. Stinson of  
Sharpe, Kentucky. Lyles is eigh-  
teen years of age, and has for  
four years stood at the head of  
his classes. He is always fond of  
his fun and will have his part if  
anyone does, he never comes into  
the school room without a smile  
on his face, he is liked by all his  
friends, and is a boy that will  
have friends every where he may  
go.

Lyles is better known by his  
school mates as "Buddie". Bud-  
die is one of the basketball play-  
ers of Sharpe and will be missed  
on the team next year, he was al-  
so the captain of the basketball  
team.

Buddie has not made any de-  
finite plans for the future, but in-  
tends to see part of the large  
world before he settles down.

Arlene Stahl: Arlene is the  
daughter of Mr. and Mrs. J. D.  
Stahl, who resides near Briens-  
burg, Kentucky. She is seventeen  
years of age and is to be salu-  
tarian of her class. We are glad  
indeed to see Arlene make such  
a high mark in school.

"Key" has attended Sharpe  
school for entire four years and  
has been an excellent student.  
She is secretary of her class al-  
so secretary of the Emerson  
society. "Key" is a good scholar  
and a firm believer in her idea.  
In her character there are many  
traits to be admired. Her future  
plans are many and she cannot  
choose between marriage and a  
good time.

## Sharpe Seniors Will Give Play Saturday

The Sharpe high school seniors  
will present their annual senior  
class play, "The End of the Lane"  
Saturday evening, May 7th, in

## THE OLDEST HOMES IN AMERICA ARE BUILT OF WOOD

## When Home-Building Time Comes

BUILD for the tomorrows... the sort of home  
that preserves its growing wealth of associations  
through many years. Look well to the materials and  
the workmanship... use the skill and experience of  
one of these master builders in your community who  
insists on good workmanship... and know the  
lumber you buy.

The trade mark on all Long Bell products is more  
than a name. It means more than fifty years of  
experience as lumbermen, and is found only on lum-  
ber products that give maximum value to the builder.  
Let us tell you more about them.

# Gifts for Graduates

## Charming Jewelry From Wolff's

In planning to remember your graduating  
friends this year, you want to be sure to give them  
something that is beautiful and lasting and that they  
will be proud to exhibit upon any occasion. The prac-  
tical answer to the question is a gift of Jewelry  
from WOLFF'S.

For many years this house has made  
a speciality of "Gifts for Graduates". We  
have bought widely and carefully this  
year to give you an ideal selection—the  
latest examples of the Jeweler's best art,  
the highest quality, yet the best values.

Whether you have a son or daughter, sister or  
brother or just a friend getting their diploma this  
year you can find the right gift, elaborate or simple,  
at WOLFF'S at just the right price you want to pay.  
May we serve you?

## As Smooth As A Yacht Is

# To- Days Ford

THE UNIVERSAL CAR

Selling at the lowest cost of any motor car manu-  
factured, made possible by the tremendous resources of the  
Ford Motor Co., yet TODAY'S FORD excels in smoothest and  
comfort of performance than many cars selling hundred's  
of dollars higher.

TODAY'S FORD gives you beauty, comfort and  
luxury in riding as well as superlative value and economy  
in operation.

DID YOU ever think of the wonderful value there  
is in a Ford car, very simple, lasts longer for general use  
than any car regardless of price. Transportation and satis-  
faction is surely all you desire. A FORD CAR WILL  
TRANSPORT EVERYTHING SATISFACTORILY BUT  
FALSE PRIDE.

## CONGRATULATIONS TO THE GRADUATES

To all the graduates of the five Marshall County  
high schools we offer sincerest wishes for a long and  
successful career.

CALVERT CITY, KY.

## OLIVE

The two Sunday schools after their routine course of duties and readings of class minutes turned their attention to text of the Rev. Carlton at Murray, who filled his regular appointment at the Baptist church, 11 a. m. also 7:30 p. m. Sunday evening.

After services "The Obedient Servants Class" under the leadership of Mrs. Kittie Thompson

were taken to the lovable bank of "old Clark's river", where dinner was spread and served, the afternoon hours were spent in playing games and interesting recitals derived from the Bible and their recent Sunday school work. All present reported a nice time and a hearty wish for another such occasion.

J. A. Howlett was a business caller at Paducah Tuesday.

Miss Aliene Fieldston of Gilbertsville who is attending the

Murray State Normal spent the week end here as the guest of Miss Helen Stone.

Connie Norwood was a business transactor at Murray Monday.

Little Miss Rebecca Lovett spent Saturday with her sister, Mrs. Irene Barnett of Hardin Route 2.

Charley Cathey of Aurora was here Saturday morning enroute to Benton.

Mr. and Mrs. Bob Bryant were the week end guests of Mr. and Mrs. G. W. Boyd.

Mr. and Mrs. Roy Rudolph spent Saturday night with Mr. and Mrs. Rollie Lovett.

Mr. and Mrs. Amos Washburn of Hamlet spent the week end here with Mrs. Washburn's parents, Mr. and Mrs. W. F. Henson.

Miss Lena Shepherd of Union Ridge spent part of last week here with Mr. and Mrs. J. J. Stone and family.

Mr. and Mrs. Alvie Henson were the week end visitors here of Mr. and Mrs. Lonnie Nimmo.

Mr. and Mrs. John Crosby and Mr. and Mrs. Homer Crosby attended get together day at Benton Saturday.

Robert Nelson of Brewers spent last week here with his uncle Thomas York.

Bern Lovett of the Salem vicinity was here Friday afternoon.

The married men defeated the single men in a close played ball game here Saturday afternoon.

The final score was 7 to 5. Rudolph was on the mound for the married men and had perfect control, especially in the pinches.

Brown who hurled for the losing team pitched fine ball until the fifth inning, when two passes, a single and a flurry of extra base

blows caused his defeat. Lamb of the singles had a extra good day in centerfield making a sensational running catch in the fourth.

The next game is booked for Sunday afternoon at Lovett's field.

Loyd Collie of Benton Route 1, was here Saturday morning enroute to Hardin.

Dell Brown attended to business at Benton Saturday morning.

Mr. and Mrs. Howard Johnson of Maple Springs were the week end guests of Mr. and Mrs. E. E. Lovett.

Mr. and Mrs. Oran Henson were the last week visitors of Mr. and Mrs. Vax Henson.

A children's day program will be given at the M. E. church Sunday, 11 a. m. the program is as follows:

Sing "Take the name of Jesus with you."

Prayer Rev. W. S. Lockman.

Welcome Jessie Cross.

My Sunday school — Agnes Norwood.

The Starless Crown — Lorene Rudolph.

Drifting Away — Melbra Cross, Nancy Farrice Stone, Jessie Rudolph, Agnes Norwood, Kittie Cross.

Closing Address — Mildred Walker.

A nation wide study made by an investment company shows that 22 per cent of the homes of Kentucky owned by the families which live in them are subject to mortgage loans. Only seven states show lower percentages than Kentucky.

Press reports indicate the Borden Company, of New York City, is looking for a location for a milk condensery.

Three community dipping vats are under construction in Owen county, and an effort is being made to provide a vat for all sheep in the county.

Renew Your Health by Purification

Any physician will tell you that "Perfect Purification of the System is Nature's Foundation of Perfect Health." Why not rid yourself of chronic ailments that are undermining your vitality? Purify your entire system by taking a thorough course of Calotabs, — once or twice a week for several weeks — and see how Nature rewards you with health.

Calotabs are the greatest of all system purifiers. Get a family package, containing full directions. Only 35 cts. At any drug store. (Adv.)

Keep Eliminate System Active

Good Health Requires Good Elimination

ONE can't feel well when there is a retention of poisonous waste in the blood. This is called a toxic condition, and is apt to make one tired, dull and languid. Other symptoms are sometimes toxic buckaches and headaches. That the kidneys are not functioning properly is often shown by scanty or burning passage of secretions. Many people have learned the value of Doan's Pills, a stimulant diuretic, when the kidneys seem functionally inactive. Everywhere one finds enthusiastic Doan's users. Ask your neighbor!

DOAN'S PILLS 60c

Stimulant Diuretic to the Kidneys

Doan's Pills 60c

666 is a prescription for COLD, GRIPPE, FLU, DENGUE, BILIOUS FEVER AND MALARIA. It Kills the germs.
